

WORK IS PROGRESSING AT A VERY GOOD RATE

Youngstown & Southern Officials Expect to Run
Cars to This City In a
Year.

THE FINAL SURVEY TO LISBON BEGUN

Within the next 10 days the final survey of that portion of the right of way of the Youngstown & Southern railway, lying between this city and Lisbon, will be commenced. J. R. Long, the real estate man for the company, with Chief Engineer George Tod, Jr., and Ernest Gozenbach, electrical and mechanical engineer, were in the city today and left this afternoon for Lisbon.

Mr. Long told a News Review reporter that the work on this end of the system would be commenced just as soon as all the details have been arranged. The right of way for the entire distance has been secured for some time, and the engineers have reached a point near Lisbon. Arriving there it was found that their services would be required along the line toward Youngstown, and they have been engaged there ever since. Within 10 days it is expected the large engineering corps can begin the survey between Lisbon and this city.

Engineer Tod and his party have just completed a tour over the road from Lisbon, the object being to locate

a site for a power house. Mr. Tod is very much pleased with the right of way and expresses himself as entirely satisfied with the outlook as far as the route is concerned.

Work on the railroad is progressing nicely, nothing of a serious character having happened to retard the progress of the enterprise. The injunction proceedings begun against the company in Mahoning county some time ago will not interfere in any way with the work, as the right of way does not go through the territory specified in the application for the injunction.

Grading on the roadbed has been completed for a distance of three miles on the north end of the line, and unless something unforeseen occurs, the road will be completed through to Leetonia by November 15, and will have reached Lisbon before the first of the year. As soon as the grading has been completed for a sufficient distance to justify it, the track laying will be started. Mr. Long says this part of the work will be accomplished by means of a track laying machine.

NOT A WHISPER OF NEW RULES

Public Safety Board's Attention
Occupied by Other
Matters.

FIRE PLUG CONTROVERSY

There was not even a whisper of the rules and regulations for the police department during the meeting of the public service board last night, although the subject was mentioned by the reporters.

"Are you going to adopt the rules tonight?" the reporter asked a member. "I can't tell you," was the answer. "You see the crisis has been making them for us, and its reporter has not fixed the age limit yet. When this is done I suppose he will submit them to us. The other day a committee from the board met to discuss the Brunt fire plug and the next issue of the Crisis had us adopting certain rules."

It was stated last night that the board has prepared a set of rules and has postponed the adoption of them until City Solicitor Davidson can be consulted. The solicitor is now on his vacation.

The members of the board decided last night to pass upon the bills of its department but once a month, and the first meeting of the month was decided upon as the time. In going over the bills last night objection was made to being charged with fire plugs now on hand, which were paid for by the city before the code went into effect. These plugs are considered an asset, the same as the fire department horses and paraphernalia. Bills containing two fire plug items were referred back to the service board.

A vigorous objection was made to paying for the new fire plug at the rear of the Brunt pottery. A report from the committee having the matter in charge was heard, but no action was taken. Rather than pay for the plug the board may decide to change its location to the corner of East Third and Walnut streets.

Mayor Weaver brought up the matter of the bill for putting up the East End curfew bell, which has been held up because of a difference of opinion as to which fund it should be charged to. Messrs. Dawson and Taylor were appointed a committee to investigate the matter.

The salaries of the members and their clerks for the quarter just ending were ordered paid from the fund appropriated by council for the purpose. Two screens for the windows of the women's department of the city jail, for which bids were received some

FINAL ARBITRATION OF PAINTERS' STRIKE

Decision Reached Which is Likely to
Be Satisfactory to All
Concerned.

The board of arbiters which was appointed several days ago to take up the settlement of the painters' strike, will hold its final session this evening. A number of conferences have been held during the past week, and both sides to the controversy have made the arbiters thoroughly acquainted with the merits of their case.

The five members of the arbitration board have discussed the question in all its phases, and it is thought have reached a decision in their own minds as to a settlement which will meet the approval of both parties. When the men gave their consent to serve as arbiters it was with the understanding and an agreement from either side to the controversy that they would abide by the decision of the board, no matter what the conclusion might be. So with the short session of this evening and the decision which will follow the strike will be settled.

DEPUTY SUPERVISORS MEET AND ORGANIZE

George S. Walton Chosen Clerk And
W. G. Bentley Chief
Deputy.

Lisbon, August 7.—(Special).—At a meeting of the board of deputy state supervisors of elections for Columbiana county this afternoon George S. Walton, of Salem, was chosen clerk, and W. G. Bentley, of Salem, chief deputy. Five ballots were taken for clerk and Walton was then chosen by lot.

Treat for Infirmity Inmates.

Lisbon, August 7.—(Special).—The Columbiana County W. C. T. U. gave its annual treat yesterday to the inmates of the county infirmary. Twenty-five members were present and at the usual dinner hour served the treat in the dining room, after which the W. C. T. U. members took their picnic dinner in the woods nearby. In the afternoon Rev. J. A. Climan, of the M. E. church, conducted preaching services in the yard.

Taken to Fairmount Home.

Lisbon, August 7.—(Special).—Jennie Easton, the 16-year-old Wellsville girl, who has been in the infirmary for some time, was taken to the Fairmount children's home today by Superintendent Riddle. The girl's father and brother are in the penitentiary for crime against her.

AWFUL WRECK OF CIRCUS TRAIN

TWENTY PERSONS KILLED AND
A DOZEN INJURED.

Wallace Bros.' Show Overtaken By
Misfortune in Michi-
gan.

Durand, Mich., August 7.—(Special).—Wallace Bros.' circus met with a terrible mishap on the railroad near here early this morning. A rapidly running engine crashed into the caboose of the circus train. Twenty of the sleeping occupants were killed and a dozen injured. There were also a few of the animals killed and the horror of the wreck was added to by the cries of terrified and injured beasts.

This circus is booked for a number of eastern Ohio cities, and is to be in East Liverpool August 24.

Foreclosure Proceedings Begun.

Lisbon, August 7.—(Special).—The Federal Building and Loan company, of East Liverpool, has begun foreclosure proceedings against August and Katie Nelson, alleging that on November 19, 1902, it advanced to the defendants \$1,350 as a loan secured by a mortgage on 35 of an acre in East Liverpool. The defendants having wholly failed to pay dues and interest according to the agreement, it is alleged the mortgage has become absolute. The plaintiff asks that the property be sold and the proceeds be applied to payment of the mortgage.

Lecture Course Arranged.

Lisbon, August 7.—(Special).—At a meeting of the Lisbon Lecture Course association a contract for a course of five entertainments was made with the Redpath Bureau, of Chicago. The course includes some of the best attractions on the American platform. Russell Conwell will open in November with his lecture on "Acres of Diamonds." Other numbers will be given by Dr. George E. Green, Albert Armstrong, Cameron Ridgeway and an entertainment by the Templeton Male Quartet, of Boston.

Probate Matters.

Lisbon, August 7.—(Special).—Susanna Lodge, of Leetonia, as guardian of Walter Lodge and others, has had an appraisal of real estate approved and has been ordered to give additional bond of \$800 pending the sale of the property. A requisition has been issued to Lodge Riddle as administrator of the estate of Robert Watson, who died in Knox township in 1885, requiring him to reject a claim of Amanda Holmes, against the estate.

THREE DIVISIONS IN THE PARADE

Chief Marshal and Aides Meet Tonight to Fur-
ther Perfect Labor Day
Plans.

At a meeting to be held tonight by Chief Marshal C. M. B. Beatty and his three aides, the start will be made on the arrangements for the Labor day parade to be held in this city on the morning of September 7. Judging from the plans already formed this feature of the celebration will be the most interesting and best attended ever yet held.

Mr. Beatty has been given full power in the matter and has formed a plan which cannot fail to attract attention and awaken interest on the part of the members of the local unions who are expected to participate in the parade. There are 38 unions in the city, all of which are under the jurisdiction of Trades Council. The chief marshal has selected William Bradfield, William Pittinger and Criss McConnell as special aides, and it will be the duty of these men to take charge of the several divisions of the line of march. The 38 locals will be divided into three divisions, one of which will be placed in charge of each special aide. Division No. 1, which will be formed on Broadway, right resting on Sixth street, will be presided over by Mr. Bradfield; division No. 2, to form on Fourth street, right resting on Broadway, has been given in charge of Mr. Pittinger, while the third division, forming on Fifth street, right resting on Broadway, will be presided over by

MILLIONS IN FINES NOT TO BE EXACTED

State Liberally Remits Penalties to
Corporations for the Non-Pay-
ment of Willis Tax.

STILL 3000 DELINQUENTS

What Will Be Done in Their Cases Is
Problematical—Up to Date Over
5000 Corporations Have Paid In
About \$450,000.

From a Staff Correspondent.

Columbus, August 7.—Governor Nash, Attorney General Sheets and Secretary of State Laylin, acting as a commission under the Willis law, have remitted fines and penalties aggregating almost \$14,000,000 to corporations delinquent under this statute. This sum would be sufficient to bear the running expenses of the state for a period of three years.

The Willis law requires corporations to file reports and pay a tax of one-tenth of one per cent of the paid-up capital stock by May 1 of each year to the secretary of state, and provides a fine of \$100 for failure to make these returns on the date mentioned and an accumulative penalty of \$3.00 per day for each day the delinquency exists.

With the expiration of the time limit it was found that nearly 1,900 corporations were delinquent. They were notified that an extension of ten days had been allowed and it was intimated that if the reports and fees were filed within this period all penalties would be remitted. This had the effect in bringing most of the delinquents to time, but there are still about 3,000 out. What action will be taken on their cases is problematical.

To date a total of 5,229 concerns have reported and paid fees aggregating about \$450,000. Governor Nash stated yesterday that the penalties imposed by the law are outrageous, and it is thought probable that they will be reduced by the next general assembly.

Several Columbiana county corporations were remiss under the law and are among those exempted from the payment of penalties. These, together with the fee paid by each under the law, are as follows: Ohio Valley Business College company, East Liverpool, fee, \$10; Wellsville Paper Mill company, Wellsville, \$10; Midway Land company, East Liverpool, \$20; H. A. Thompson Banking company, Sallineville, \$10; Vulcan Clay company, Wellsville, \$24; Wellsville Plate and Sheet Iron company, Wellsville, \$80; East Palestine Pottery company, East Palestine, \$40.

SMITH APPEALS FROM THE MAYOR

EAST LIVERPOOL SALOON MAN
OBJECTS TO A FINE.

Gives Ten Reasons for His Belief That
the Penalty Was Unjustly
Imposed.

Lisbon, August 7.—(Special).—The case of Ohio versus Cornelius Smith, an East Liverpool saloonist, has been carried up on error from the court of W. A. Weaver in East Liverpool. Smith, as plaintiff in error, says that on July 17 the defendant in error recovered a judgment against him in a criminal action in the mayor's court in which Smith was charged with keeping his saloon open on Sunday and was fined and assessed the cost of prosecution.

The petition sets forth 10 reasons why the court should reverse the action of the lower court, as follows:

First—Neither the affidavit or warrant stated any offense under the laws of Ohio.

Second—The mayor did not have jurisdiction.

Third—The mayor erred in overruling the motion of the plaintiff in error to dismiss the case after the evidence for the state had all been given.

Fourth—The mayor erred in refusing a new trial.

Fifth—There was no evidence to sustain the decision and judgment of the mayor.

Sixth—The finding, decision and judgment of the mayor was contrary to the evidence.

Seventh—The finding, decision and judgment was contrary to law.

Eighth—There was no evidence to sustain the finding, decision and judgment of the mayor.

Ninth—The court erred in rendering judgment for the defendant in error, when it should have rendered for the plaintiff in error.

Tenth—Other errors apparent upon inspection of the record.

Attorneys Smith and Lones, of Wellsville, filed the petition.

PROMINENT WOMAN COMMITTED SUICIDE

Mrs. Arthur S. Guthrie Cut Her Throat
At a House in
Sewickley.

Sewickley, August 7.—Residents of fashionable Sewickley were horrified yesterday afternoon by the suicide of Mrs. Daisy L. Barber Guthrie, of Grafton, a member of one of the leading families of Titusville. She killed herself by cutting her throat, almost severing her head from the shoulders, at the residence of her sister-in-law, Mrs. A. L. Lowrie, wife of an oil man. The deed is attributed to insanity.

Mrs. Guthrie was a daughter of James R. Barber, a pioneer resident of Titusville, and the family is one of the most prominent in that city. For years Mr. Barber has been engaged in the oil business. Mrs. Guthrie was born in Titusville and lived in that city till her marriage to Arthur S. Guthrie three years ago. Mr. Guthrie is manager of the Grafton Gas company at Grafton, W. Va., and with his wife had been living at Grafton for about a year. Previous to their removal to Grafton the Guthries lived two years in Toronto, O., their first place of residence after their marriage, where Mrs. Guthrie was well known and had many friends. The husband a day or two ago left his office in Grafton to go to Fairview, W. Va., to superintend some field operations and he had not returned to a point where he can be reached by wire last night. He is well known in East Liverpool.

THE MAYOR EXPLAINS LIBRARY APPOINTMENT

If Mr. Goodwin Declines He Will Head
Trades Council's
Wishes.

The committee appointed at the meeting of trades council Wednesday evening to interview Mayor Weaver regarding his appointment of a successor to J. J. Weisend on the Carnegie library board, met Mayor Weaver last evening. The latter informed the committee that he had already appointed Mr. Goodwin to the position, and though that gentleman had not yet signified his willingness to accept, he presumed the matter was settled.

The mayor said he had not been familiar with the history of the consolidation of the two libraries. Had he been, it is probable the wishes of the laboring people would have been consulted. However, if Mr. Goodwin declines the honor, he will be guided by the committee in his selection.

OPPONENTS OF GAS GRAB HAVE AN ORGANIZATION AND MEAN TO DO BATTLE

Meeting Held Last Evening and Plans Laid for
a Strenuous Campaign for the
People's Rights.

The Anti-Gas Grab association was formed at the city hall last night, and it is expected that by the end of the present month the membership will number in the hundreds, and its influence such as to effectually defeat the aims of the gas corporation. About 40 citizens were present and there was plenty of enthusiasm. The promoters got together about 7 o'clock, and immediately proceeded to form a permanent organization by the election of the following officers:

President, P. J. McKeone; vice president, William Cope; secretary, Criss McConnell; treasurer, H. W. Smith.

Several communications were read from nearby cities having the prevailing rate charged, and the proposed increase. Several of the towns are yet to be heard from, and by the next meeting it is expected that a very good idea can be had of the relative rates all over this section. It has been rumored that the gas people had caused to be circulated in Steubenville a report to the effect that the private consumers of East Liverpool had accepted the increase and would pay it without a murmur. Had the good people of the Jefferson coun-

ty town been present at the meeting last night and heard the expressions of the members of the new association, they would change their minds very quickly. The new rate has not been accepted nor will it be without a vigorous protest.

A soliciting committee was appointed at the meeting last night to be composed of Messrs. Smith, McKeone and McConnell. These men have been provided with a blank form to be used in securing new members, and they will begin on the missionary work at once. The heading of the paper has been worked so that the people who signify their intention of joining the association by allowing their names to go on the list cannot fail to understand the nature of the task before them. The list is already lengthy, and will be doubled by the end of the present week. The platform and declaration of objects of the new association are as follows:

"The undersigned do hereby contribute the amount opposite their names for the purpose of making an organized opposition to the advance in rates on natural gas proposed by the cor-

MILKMEN ARRESTED BY HEALTH OFFICER

Alliance Dealers Accused of Using
Preservatives in Their
Product.

Alliance, August 7.—(Special).—A special officer from the state health department at Columbus came to Alliance yesterday and caused the arrest of five prominent local milkmen, charging them with adulterating their milk with preservative to keep it during the hot months. All pleaded guilty and each was fined \$50 and costs, which they paid.

The officer came to Alliance over a week ago and bought samples from each of the local milk wagons as they were making their rounds one morning. There were taken to Columbus and analyzed, with the result as stated. A sensation was created here by the affair.

VON HOLLEBEN'S LETTER OF RECALL

Formally Presented to the President
By Germany's New
Ambassador.

Oyster Bay, L. I., August 7.—(Special).—Baron von Sierstern today presented to the president Ambassador von Holleben's letter of recall and his own appointment as German ambassador to the United States.

WIFE DESERTED HIM

Leonidas L. Wilson, of East Liverpool,
Has Filed a Suit for
Divorce.

Lisbon, August 7.—(Special).—Leonidas L. Wilson, of East Liverpool, has filed suit for divorce from Olive Wilson. They were married in 1899 in Beaver and lived together until July, 1900, when his wife deserted him and has ever since utterly disregarded her marital duties. They have had one child.

Appealed from Justice's Court.

Lisbon, August 7.—(Special).—A case in which the Charles Case Shoe company is plaintiff against A. Peterson has been appealed from the court of Justice J. N. Rose, of East Liverpool, where the plaintiff got judgment for \$65.65 and costs. Suit was brought for \$162.45, with interest from February 10, 1903, held to be due for a consignment of shoes sold and delivered to Peterson.

W. R. C. Meeting.

The Women's Relief Corps met this afternoon and held its regular meeting for the month in G. A. R. hall. The regular business of the organization was brought before the society and received due attention.

THE DOG QUESTION GETS INTERESTING

Police Fear to Kill Valuable Ani-
mals, Even If They Are
Not Muzzled.

COMPLAINTS ARE MANY

For the past week the city authorities have been overwhelmed with complaints from residents all over the city asking that dogs who run at large without muzzles be either killed or placed where they can do no harm. So numerous have become the kicks that the entire police force has become interested in the dog question, and the law has been carefully read to determine how far a police officer can go.

The city ordinance now in effect provides that all dogs permitted to run at large during the period commonly called "dog days" shall be equipped with a muzzle. Any canine found upon the street not so provided, the ordinance says, can be killed by the police.

When the complaints grew more persistent and the demand upon the police became continued, Chief Wyman determined to enforce the ordinance as he found it, no matter who objected. The police officers were instructed to kill all unmuzzled dogs on sight, and some of them decided to obey the order. Others, however, hesitated before starting the practice, claiming they were throwing themselves liable in case the owner of the dog saw fit to carry the matter to the court. Officers Dawson, McDermott, Auferheide and even Chief Wyman himself admits that there is a question as to their authority to dispatch a dog without giving its owner due notice or endeavoring to have him comply with the law. It is the opinion of those of the officers who have been interviewed on the subject that their individual bonds could be attacked with an excellent chance to recover if they happened to kill a dog whose owner should decide to take the matter into court. In order to be on the safe side it has been decided to act in accordance with the state law, which says:

"4202—Certain Animals not to Run at Large; Penalty.—No person or corporation being the owner or having the charge of any horses, mules, cattle, sheep, goats, swine, dogs or geese, shall suffer the same to run at large in any public road or highway, or in any street, lane or alley, upon any uninclosed land, or cause such animals to be herded, kept, or detained for the

WITH THE WORKMEN IN THE CLAY PLANTS

CHINA CLOSETS.

A pretty china closet with a display of dainty ware is one of the dining room features that are dear to the heart of every woman, and with a little ingenuity and the use of a few fancy dishes surprising results may be obtained.

The woodwork of this china chest that is exposed to view, including the fronts of the drawers, should be of the same material as the wood of which the table, chairs and sideboard are made. The rail at the bottom of the middle compartment may be of brass or of the dull black iron that is used so much at present, and so artistically, for decorative purposes.

EAST AND WEST.

The potteries in operation for the most part have been standing for decades and the tendency to keep pace in architecture with the progress of the times does not appear to have been as contagious there as in the west, says an exchange. But Trenton's pottery industry, on the other hand, is more diversified than it is in East Liverpool. A well known potter who has worked many years in both the east and west, made the statement recently that the sanitary plants of Trenton, in one or two instances, possessed even finer buildings and better equipments than the latest and most improved plants in the west.

BECOME RAILROAD MEN.

John Briggs, packer, and Ambrose Criss, jiggerman, have resigned their positions with the American China company to accept situations on the railroad. Mr. Briggs will fire an engine on the C. & P., while Mr. Criss will fill a like position on the Wheeling & Lake Erie.

Mr. Weiss, formerly a packer at Thompson's pottery in East Liverpool, has accepted a position in the ware house of the American China company.

PROFITABLE VISIT.

President Carr, of the Warwick China company, Wheeling, W. Va., reports his recent visit east as having been a very profitable one. Not profitable from a monetary standpoint, but socially and mentally. Each year he goes east at this season to meet old associates and friends and this visit

BLOOD POISON

Bone Pains, Itchings, Swelling.
If you have aches and pains in bones, back and joints, itching Scalp, Skin, Blood feels hot, Swollen glands, Rashes and Bumps on the Skin, Murus Patches in Mouth, Nose Throat, Ears, Copper Colored Spots all over the body, or any part of the body, Hair or Eyebrows falling out, take **Botanic Blood Balm, guaranteed** to cure the worst and most deplorable cases. Heals all sores, stops all aches and pains, reduces all swellings, makes blood pure and rich, completely changing the body into a healthy condition. Old Rheumatism, Catarrh, Eczema, Scrofula, are caused by Poison in the Blood. B.B.B. stops Hacking and Spitting, Itching and Scratching, cures Rheumatism, Catarrh; heals all Sores, Scabs, Eruptions, Watery Blisters, by giving pure, healthy blood to affected parts.

Blood Balm Cures Cancers of all Kinds. Suppurating Swellings, Eating Sores, Tumors, ugly Chlores. It heals the sores or worst cancer perfectly. If you have a persistent Bump, Swelling, Strangury Pains, take Blood Balm and they will disappear before they develop into Cancer.

Pleasant and safe to take. Thoroughly tested for 50 years. Composed of Pure Botanic Ingredients. Strengthens weak kidneys and weak stomachs, cures dyspepsia. At Urugains, \$1 Per Large Bottle. Complete directions.

Sold in East Liverpool by J. W. Reed. Call or write. Blood Balm sent by express. Sample and Circulars sent Free.

Mrs. L. B. Denning,

Has just returned from New York where she attended the leading hair dressing establishments would be pleased to have you call and examine the new and stylish line of hair goods just received in the city. New Pump and Switches.

151 6th Street.
Four door to Ohio Valley Gas Office.

THE WEATHER.

Ohio—Fair Friday and Saturday; fresh northwest winds, becoming variable.

Western Pennsylvania—Fair; warmer in southern portion; Saturday fair; light to fresh west to north winds.

West Virginia—Generally fair Friday and Saturday.

was no exception. But this time he went over the eastern market as well, and got a line on ware offered and says: "Both foreign and domestic lines offered are exceedingly fine in design and quality."

WARRANT ISSUED FOR FORMER BANK TELLER

A Shortage Has Been Discovered in Funds of a Canton Institution.

Canton, August 7.—A shortage in the funds of the City National Bank, which, it is stated, may reach \$22,000, has been discovered. The officials of the bank declare it will not affect the concern, as it has a surplus and undivided profits of \$50,000.

Albert W. Deibel, teller at the bank, has been removed from his position and a warrant issued for his arrest.

THE OLDEST ENGINEER

Bellaire Comes to the Front With One 62 Years in the Business.

East Liverpool is claiming the oldest stationary engineer in the state, but Bellaire has the better right to claim that distinction. In the person of Mark Lester, born in 1825, being one year older than the up-the-river man. He was a cub on an Ohio river steamer at 16, having served a time as apprentice in a machine shop, and was for a time running an engine before being of age, was engineer-in-chief on the side-wheeler Putnam in '48, and on the Marie, a 1,400-ton side-wheeler, a short time afterward, and has been in continuous service ever since, covering a period of 62 years.

Being naturally an expert machinist, he has superintended the building and setting up of many of the larger class of engines and is often called upon to locate trouble in complicated machinery. He is at present in charge of the machinery department and engine of the Novelty Stamping works of this city, and not only sees continuous day service, but frequently works late in the night, in making changes or repairing broken machinery.—Bellaire Democrat.

Potent Pill Pleasure.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phillips, of Albany, Ga., says: "During a billion attack I took one. Small as it was it did me more good than calomel, blue mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by Alvin H. Bulger.

All our high grade Oxfords reduced \$3.50 and \$4 ones at \$2.60, patent kid or plain leathers.

TEST OF THE LAW ON CHILD LABOR

A Subject Which Is of Great Interest in Trenton Pottery Circles.

HALF OF THE JUVENILES

Now Employed in the Potteries Will Be Discharged if the Law Is Sustained—Trade Topics of Interest from the New Jersey Ceramic City.

From a Staff Correspondent.

Trenton, N. J., August 7.—The action of the South Jersey glass manufacturers in expressing themselves in defiance of the provisions of the new child labor law will likely form the principal topic of discussion at the annual convention of the New Jersey State Federation of Labor, which will be held beginning August 17 at Bridgeport. The local members of the National Brotherhood of Operative Pottery are displaying considerable interest in the action of the glass manufacturers, because of the efforts they put forth to have the measure passed by the last legislature.

The law which fixes the minimum age of children employed at 14 years, becomes effective September 1. Chief factory inspector John C. Ward has declared his intention of enforcing it and prosecuting without delay any violators. Mr. Ward says that his department is willing to enter into a friendly litigation to test the law, but he has had legal advice that the claim which will probably be advanced by the glass manufacturers is that the law invalidates itself by failing to specify the time on September 1 of what year it becomes operative will not hold.

The enforcement of the law will mean that the potteries of this city will be compelled to discharge half their working force of children, who are employed as mould runners and assistants to the workmen in the various departments and employ older help, which will increase their operating expenses materially. Factory Inspector Ward has not only been notified by some of the large glass manufacturers that they will ignore the law, but they have already engaged their help for the blowing season, which begins September 1.

The Oakland Manufacturing company has broken ground for the erection of its plants, which are to be utilized for the manufacture of glazed brick. The bricks are to be made for exterior structural ornamentation and fine interior finish. The finish of the bricks will resemble that of tiling and at the start only solid colors will be made. The company has an authorized capital stock of \$100,000 and the incorporators are Franz Hill, Patrick H. Moohan and Thomas Trapp. The company has purchased a tract of land of 28 acres along the Philadelphia & Reading railroad. The building, which is now under course of erection, measures 100x32 feet. Two kilns will be put in operation soon and the building will be increased in size as the business of the company demands.

John A. Campbell announces that he will not accept the Republican nomination to run against Mayor Frank S. Katchenbach, who will probably be given a second nomination by the Democrats. The Republican party managers consider him their strongest choice and are using every means to get him to accept the nomination. Mr. Campbell, in spite of his declaration that he has no political ambitions, stands a good chance of election, should he reconsider. He is a member of the board of library commissioners and is president of the state tenement house commission.

Extensive preparations are being made by the employees of the Thomas Maddock & Sons pottery for their annual outing, which will be held August 22 at the Inter-State fair grounds. An interesting program of sports is being arranged for the event, and a large list of entries has been received.

Bertrand Rheard, representing Thomas Hulme, of Hanley, England, was in this city for a week, getting orders for decalcomania and other decorative pottery material. Mr. Rheard then left for the west to spend three weeks.

Frederick Duggan, owner of the Imperial Porcelain works, has subscribed \$250,000 for the erection of a new hotel at Spring Lake, N. J., a summer resort along the Atlantic coast. Mr. Duggan has agreed to take a first mortgage on the property to secure an issue of \$125,000 in gold bonds. The other \$125,000 has been subscribed by the stock holders. Previous to Mr. Duggan's offer, numerous attempts had been made to interest New York and Philadelphia capitalists in the project, but failed.

William S. Hancock, vice president of the Trenton Potteries company, and Charles Howell Cook, of the Cook Pottery company, have been chosen directors of the Trenton Theater Building company, recently organized to erect a new theater on North Warren street.

Edward C. Stover, assistant general manager of the Trenton Potteries company, who has been ill for several weeks, is improving slowly. A few months may elapse before he can again attend to business. Dr. Musser, an eminent specialist of Philadelphia, is attending him.

Much interest is being displayed in the prospect of the East Glass & Manufacturing company, of Byesville, O., locating here. Mr. Brudebold, who is interested in the concern, has devoted much time to the study of its principal output, which is opal glass. The company has been capitalized under the laws of New Jersey for \$1,200,000, and it is understood that it has secured a tract of land along the main line of the Pennsylvania railroad and that building operations will start shortly. The cost of the plant is to be \$200,000 and it will employ several hundred hands.

Burdo's Blood Bitters gives a man a clear head, an active brain and a strong, vigorous body—makes him fit for the battle of life.

A BOY DROWNED IN THE RESERVOIR

Eight-Year-Old Lad Loses His Life in the Basin at Steubenville.

Steubenville, August 7.—Willie D. Connell, aged 8, drowned in the reservoir yesterday afternoon. Young Connell, with his brother and another lad, went to the reservoir to fish, so one of the boys claimed, but it is known that there are no fish in the reservoir and it is supposed that they went after frogs. The boys live on LaBelle View about three squares away. The McConnell boy's father is employed at the LaBelle mills.

The boys were inside the fence playing about the edge of the reservoir, on the grass, and were walking about, when young Connell's foot slipped over the edge. The four sides of the basin are covered with moss and the least weight upon the foot would be sufficient to cause the body to slide into the water. Connell's foot touched the moss and in a second he was struggling in deep water. It was only for an instant though, as he was unable to swim and quickly sank to the bottom.

New Kind of Life Insurance.

For twenty five cents you can insure your self and family against any serious results from an attack of bowels, cholera, during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. For sale by Alvin H. Bulger.

EAST END

CHURCH PICNICKERS HAD AN ENJOYABLE DAY

Base Ball, Foot Ball And Races Afford Great Amusement to Second U. P. Church Congregation.

Sales of arnica and other medicines of a like nature have been larger to-day than any time in the history of the Second United Presbyterian church yesterday at Andrews' grove, near Calcutta. The sales were mostly to the married men of the church, who tried to down the single men at base ball, foot ball and other contests. The picnic was a great success and will be remembered for many months in spite of the aches and pains.

The ball game between the benedict and the bachelors was called in the third inning when supper was announced, leaving the score 10 to 2 in favor of the latter. The foot ball game resulted in a tie and it will likely be finished some day soon in the East End.

Mrs. Will Kinney was the victor in the race for "fat" ladies and Miss Mary Donovan won the race for "slim" ladies. Miss Elizabeth McCormick won the potato race. In the 75-yard dash, Will Price, Thompson Andrews, Jr., and Lyman Earle were tied for first position. The race for men over 45 years of age was won by Archie Seagrath.

Nearly every member of the congregation, between 300 and 400, were in attendance and enjoyed the day immensely. Quite a number made the trip upon any wagons, while others resorted to street cars and carriages.

TRIBUTE TO MEMORY OF ROBERT BEALE

Miss Florence Hill, His Sunday School Teacher, Tells of His Excellent Traits.

Miss Florence Hill, of Ohio avenue, was Robert Beale's Sunday school teacher and this morning paid him this tribute: "Robert had many excellent traits of character. He seemed so much to appreciate all kindly attention shown him. I was much interested in the boy ever since he became a member of my class, nearly two years ago, and often invited him to visit me. This he was wont to do, sometimes remaining a whole evening, and I am sure our enjoyment was mutual. He often brought me little tokens of his generous heart, apples, flowers, and among other things a picture of his baby nephew, of whom he seemed to be very proud. I know his classmates will miss him and remember him for his better qualities."

Miss Hill's class will serve as pall-bearers at the funeral, which is to be held at the residence on Mulberry street, tomorrow afternoon at 2 o'clock. Rev. J. N. Swan will conduct the services. The interment will be made at Riverview cemetery.

Two Lawn Fetes.

The lawn fete given last evening by the Junior League of the Erie street M. E. church was a most enjoyable affair and many were present. Tempting refreshments were served.

The lawn fete of the Ladies' Aid society of the church was also held last evening at the home of Mrs. Emma Pinkerton, of Pennsylvania avenue.

EAST END AFFAIRS.

Ned Mowen left today for a visit with relatives at Deerfield.

Herschel Wheaton has returned from a trip to Jackson county, W. Va. Miss Georgia Buzzard, who has been quite ill for several days is reported better today.

Mr. and Mrs. Taylor Larkins left yesterday for Akron and Canton to spend a few days with relatives.

MOSQUITO SLAYER HAS GOOD BACKING

Uncle Sam Proposes to Get Rid of the Bloodthirsty Pest.

THE AGOMERMIS CULCIS

His Agent—The Campaign Begun in New Jersey, in the Heart of the Enemy's Country—Great Possibilities for Scientific Work.

Washington, August 7.—A paternal government having gone into the business of backing airship experiments and having spent its hard gathered dollars on flying kites, Dr. Charles Warren Stiles, chief zoologist of the public health and marine hospital service, believes it is quite in order for this same government to go into the business of growing mosquito destroyers. This same scientific gentleman, whose head is as long as his title, has appealed to a sentiment that he can safely depend upon to endorse his demand when he makes the announcement of a discovery of "Agamermis culcis," guaranteed to run down and slay the most bloodthirsty and able bodied mosquito in almost no time. The general public hardly hopes to ride in airships as a daily means of suburban transit, even should Prof. Langley attain entire success in his experimental flight of the Buzzard, as his big kite has been nicknamed.

Under the circumstances it looks upon an expenditure of \$50,000 of taxpayers' money to further this attempt with the mildest of curiosity and no sense of personal satisfaction, ever if there is no active criticism. But let Dr. Charles Warren Stiles develop a big enough pack of Agamermis culcis in his kennels to demonstrate that dividends in slain will accrue from a mosquito hunt, and it is hard to see how this gentleman can avoid elevation to the presidential chair on a popular wave of political revolution. If his campaign were conducted in the summer time there is small question but that such an army of political workers could be rallied from the sea shore and mountains, woods and lakes, for his cause as neither tariff for revenue nor yet protection, neither free silver nor yet sound money, ever brought out. And from Maine to Florida, Boston to San Francisco, Cleveland to Manila, a drag net could hardly bring to light the man who would brave popular indignation by opposing government aid for such an enterprise as mosquito destruction—always providing that Dr. Warren Stiles can destroy 'em.

He insists that he can and with a bottle full of Agamermis culcis he is off for New Jersey this week to prove his claims. Agamermis culcis is about one-hundredth the length of his name, according to Dr. Warren Stiles. He pursues the enemy of man, and the summer girl, as relentlessly as the mongoose pursues the snake. His quarry once found he fastens upon the brute and nothing can shake him off. For several days before death overtakes the mosquito his bite has been rendered harmless by the attacks of Agamermis culcis.

And the end is sure. Dr. Warren Stiles shows his courage by taking his pets over to New Jersey for a battle with the champions of the whole mosquito race. If success crowns the campaign there, little doubt need be felt as to the speedy capitulation of the common mosquito of other localities. If the regular army can be exterminated the militia will fall in short order.

The one circumstance to cast a shade of doubt upon the rosate future without mosquitoes painted by Dr. Warren Stiles when agamermis culcis shall have come to his own, is the announcement of the scientist that the destroyer already exists in New Jersey and has always existed there. He expects to bring back far more trained mosquito hunters than he takes along. If agamermis culcis has always lived in New Jersey there is small evidence of it, or else small evidence of its effectiveness. But Dr. Warren Stiles explains that scanty numbers are responsible for the fact that the New Jersey mosquito still lives, sings and pursues his nefarious avocation with agamermis culcis as his next door neighbor. That is precisely where he desires government backing. His idea is to breed these mosquito parasites in infinite numbers and every spring turn a fresh and overwhelming supply loose in mosquito infected districts. In this fashion alone can the battle be won, explains Dr. Warren Stiles. Upon the evidence he accumulates in his experiments this summer and his culture of the destroyer during the winter he will base a request for a government appropriation.

One of the Mysteries of Journalism As Exemplified By the Cherry Picker.

The East Liverpool Tribune (daily) devoted six columns to the hearing of the case of Davidson vs. Montgomery. Montgomery had shot a dog of Davidson's and Davidson sued for malicious destruction of property. What space would the Tribune devote to the murder of a man if a dog is worth six columns?—Buckeye State.

Eat All You Want. Persons troubled with indigestion or dyspepsia can eat all they want, if they take Kodol Dyspepsia Cure. This remedy prepares the stomach for the reception, retention, digestion and assimilation of all the wholesome food that may be eaten, and enables the digestive organs to transform the same into the kind of blood that gives health and strength. In the early days of railroading
trunk lines or through lines were un-
heard of. Numerous independent
lines, running from one important
town to another, sprang into being,
and were run on a go-as-you-please
plan. Railroad development, on its
present magnificent scale, was the
growth of years. Not until far-sighted
men began to connect up independent
lines and to organize them into sys-
tems was prosperity attained and the
business of transporting freight and
passengers for long distances made an
important factor therein. The electric
railroads, profiting by the experience
of the steam railway companies, are
fast consolidating and looking to the
importance of their connections. Per-
haps the longest continuous lines of
trolley road in the country today are
some of those found in Ohio. Some
of them have already found it expedi-
ent to put on sleeping cars to ac-
commodate night patrons making
long journeys, and the example is like-
ly to be followed quite extensively.
In a few years passengers between
the principal cities of the country

will have the choice of journeying by
trolley cars or steam cars, and will
find branch lines to transport them to
the larger towns and villages lying
a few miles back of the main routes.
The business of electric railway build-
ing is growing at a rate which few
others can match, and it is going to
prove a most important factor in the
development of the country districts
as well as the urban communi-
ties. East Liverpool stands a chance
of being placed at no distant date on
electric routes that, if not main lines,
will at least afford speedy and con-
venient connection with such lines.
And with connections with Youngs-
town and Pittsburg established we
will be so near the main lines as hard-
ly to know the difference.

A great opportunity for usefulness
is open to the association formed last
evening for the purpose of fighting
the rates which the local gas com-
panies seek to enforce. The prosper-
ity and growth of East Liverpool have
both been largely enhanced because
of cheap natural gas. The \$5,000,000
trust now controlling the gas supply
for this portion of the Ohio valley, in
order to increase its dividends and to
provide funds for extending its mains
without going down into its own pocket,
proposes to defy the laws of the
state of Ohio and the ordinances of
the city granting it franchises by in-
creasing the rates to natural gas con-
sumers 25 per cent. Such high-handed
injustice the people of East Liverpool
do not propose to countenance or en-
dorse. There is the issue in a nut-
shell and the battle will be fought to
a finish. Victory means progress and
prosperity to East Liverpool; defeat
means a setback in both directions.
If justice triumphs, the gas companies
will be compelled to live up to their
agreements.

Word comes that the canal treaty
may be defeated by filibustering tac-
tics. Sooner or later the chickens of
our astute statesmen come home to
roost. Colombian legislators are but
imitating American methods.

There is a girl in Chicago who has
worked 31 years for the same family.
Why should a girl like that have to
work for a living? She ought to be
able to get big money from the mu-
seums.

Bryan soberly announces that he ex-
pects to be president some day. Even
his unbounded confidence in his own
astuteness will not induce him to
name the day, however.

It should not be forgotten that the
period of our greatest expansion of for-
eign trade is since the Dingley tariff
bill became a law.

The lesson that loaded weapons are
dangerous playthings is again exem-
plified by the East End tragedy.

Morgan has merged two banks with
\$27,000,000 capital, which is very good
for a starter.

OBITUARY

Mrs. Lucinda Armstrong.
Lisbon, August 7.—(Special).—
Friends at Rogers have received word
of the death of Mrs. Lucinda Arm-
strong, who died a short time since at
her home near Beaver Meadow, Ala-
bama, aged about 60 years. She was
an old time resident of Middleton
township, where she is remembered
by many friends. A number of years
ago she moved to Alabama with her
husband, Dawsey Armstrong, who died
there about four years ago.

Mrs. Daniel Rose.
Mrs. Daniel Rose, aged about 50
years, and who resided at her home
near Highlandtown, died Wednesday
night after several weeks' illness. She
was born in Steubenville. Her mail-
ing name was Mary Ann Criss. She
was married 50 years ago to the late
Daniel Rose. Besides a brother,
Charles Criss, of Yellow Creek, she

EAST LIVERPOOL'S DELEGATE.

of the city. Mr. Trump will leave for Washington tomorrow morning.

F. L. Trump, of this city, has
been honored by his organiza-
tion with the position of delegate
to the annual convention of the
International Typographical
union. The meeting convenes at
Washington, D. C., Monday
morning, and is expected to last
throughout the week. Mr.
Trump has been a member of
the I. T. U. for many years, hav-
ing affiliated with No. 7, of Pitts-
burg, in 1899. He has been lo-
cated in East Liverpool for the
past 10 years, and is known as
one of the foremost labor men
of the city. Mr. Trump will leave for Washington tomorrow morning.

SALE RAPIDLY INCREASING

Mi-o-na, the Flesh-Forming Food, In-
creasing the Weight of Will
Reed's Customers.

One of the greatest successes of late
years has been achieved by Mi-o-na,
the remarkable flesh-forming food. Its
sale here in East Liverpool is increas-
ing so rapidly that Will Reed, the
enterprising druggist who introduced
it, is having hard work to keep it on
hand.

Have Will Reed sign this bond when
you buy a box of Mi-o-na.

GUARANTEE BOND.
I hereby agree to refund the:
price paid for Mi-o-na if the:
purchaser tells me that it has:
not increased flesh and given:
freedom from stomach trou-:
bles.

It has become very popular with
well known bankers, ministers, law-
yers and others whose business or
profession prevents their taking much
exercise, while those who have been
troubled with indigestion, mal-assim-
ilation of food and loss of flesh, brought
on by irregular eating, worrying or
other causes, have found health and
strength in this reliable remedy.

Mi-o-na has been so uniformly suc-
cessful in building up good, solid,
healthy flesh, and in curing all stom-
ach troubles, that Will Reed sells it
under his personal guarantee to refund
the money if it does not give satis-
faction. A guarantee like this speaks
volumes for the merit of Mi-o-na.

THE DOG QUESTION GETS INTERESTING

Continued from First Page.

purpose of grazing the same on pre-
mises other than those owned or oc-
cupied by the owner or keeper of such
animals, except as hereinafter pro-
vided; and any person violating the
provisions of this section shall forfeit
and pay for every such violation,
as penalty therefor, not less than one
dollar, nor more than five dollars; continued violation, after notice or
prosecution, shall be an additional of-
fense, for each and every day of such
continuance.

As near as is considered safe, the
ordinance on the subject will be en-
forced by the police, but the state
law just quoted will be taken as the
main authority, and upon it they will
rely for vindication in case their ac-
tions are questioned. It is not ex-
pected that any objections will be
made to capturing and dispatching
monsters of the vagrant or tramp
type, but there is certain to be trou-
ble the first time a valuable dog is
killed. Owners have the alternative
of keeping their animals tied up if
they do not see fit to muzzle them,
and quite a number have adopted this
plan to get around the difficulty.

It is held by a large number of peo-
ple that there are far too many owner-
less dogs roaming the streets at the
present time for the absolute safety
of the residents, and it is believed no
objection whatever would be made to
the killing of a few score of them.

In connection with the dog killing
proposition another obstacle has been
encountered, and the police are great-
ly concerned over it. The health de-
partment has disclaimed any liability
in disposing of carcasses, the owners
cannot be located once in a hundred
times, and cannot be expected to bury
the dog if found. So it has come to a
simple question of the policeman who
kills the dog disposing of the carcass
himself. The law on this point has
also been looked up, and it is thought
the officers can collect one dollar for
each dog buried, and if it is found that
they can collect this sum legally it is
probable the killing process will be
started very soon.

Straw hats, big sensation price.
65c. Choice from \$1.50, \$2.00, \$2.50
and \$3.00. Joseph Bros. are selling
now at 65c.

We'll have no summer shoes left

OPPONENTS OF GAS CRAB

Continued from First Page

poration controlling the supply of gas
for light and heat in this city.

"The fund thus created is to be ad-
ministered by this association, through
its officers duly elected for the pur-
pose, as may be seen in the best or-
der to accomplish the result of frus-
trating the announced designs of the
gas company to make an advance in
rates which we believe to be wholly
unwarranted for by existing conditions
and unjust from any fair point of
view."

The matter of selecting a name for
the organization was deferred until
the next meeting when it is certain
there will be a better attendance and
the members will have been given
time enough to think over the subject.

When adjournment was taken it was
decided to hold another meeting on
Wednesday evening. There will be
other communications to read at that
time and reports of the progress made

Picture Framing

It would surprise you to know the number of Picture Frames we make.

We seldom mention this department—It isn't necessary for ourselves as we are always busy—It isn't necessary for the older residents as they have known for years that this is the place for Artistic Framing.

But for the benefit of newcomers we wish to say that

We Frame Pictures

and that our stock of Mouldings, in size and variety, is in keeping with the balance of this big store.

Every one who visits the Big Store should visit the Framing and Picture Departments on the 2nd floor.

THE SURPRISE CLOTHING HOUSE

WELLSVILLE

ABATEMENT OF NUISANCES WAS UNDER DISCUSSION

Health Board Discussed Several Problems of Interest to Wellsville.

A special meeting of the board of health was held last evening in the city hall at which time a number of unsanitary nuisances were taken up by the board.

The first matter discussed was the pool, little less than an inland lake, and which is located on Thirteenth street, where Cooper, the medicine man, held forth. This lot is owned by McLean Bros. and Ross Noble. David McLean, who appeared before the board, stated that he had examined the pool of water and that the water would not drain off the lot, because of a lack of gutters on Short and Thirteenth streets. McLean stated that it was the fault of the city that the water was on the property and he asked the board to investigate the matter. He promised that the lots should be filled if the board found the owners to be at fault. City Engineer Leith was appointed to investigate and the board's action on the matter will be based on Leith's report.

James Blue was next heard by the board. Complaint had been made to the board about cess pools on two lots belonging to him, located on Main

street, between Fifteenth and sixteenth streets. Mr. Blue stated that he had already arranged to have the nuisance abated and said that it would be done at once.

Thomas Moore was the next man to be heard. Complaint had been made regarding a pile of garbage on his property on Twelfth street. He stated that he had already had part of the garbage removed and would have the balance taken away at once.

The condition of the property of Henry Mace, Main and Thirteenth streets, was next considered. It developed that 20 years ago the city had constructed a storm sewer in that locality and that since that time people living between Thirteenth and Fifteenth streets had been using it for sanitary purposes, and caused a foul smell to issue from the sewer on Center and Commerce streets. The clerk of the board was instructed to notify all persons using this sewer to connect their property with the sanitary sewer.

It was reported to the board that there was a foul smelling vault in the rear of Frank Geisse's saloon on Third street. The health officer was ordered to notify S. W. Conner, the agent of the property, to abate the nuisance.

No other important matters were taken up and the board adjourned to Friday evening, August 14.

THE SUNDAY ORDINANCE

Many of the People of Wellsville Are Wondering Why It Was Voted Down.

Ever since the council meeting last

Tuesday evening, the popular topic, wherever citizens congregate, has been the proposed ordinance providing for the arrest of any person caught in an ale, beer or porter house on Sunday, which was defeated at that meeting of council. A number of citizens are against the ordinance, but the majority are much in favor of it and are indignant because it was defeated by the city fathers. The ordinance is one which is in force in all of the large cities of the state and it is well it should be in force in Wellsville, as there is no ordinance by which the Sunday buyer can be placed under arrest, although there is one which provides for the arrest of the saloon-keeper who sells on Sunday.

There was nothing contained in the defeated ordinance which could be applied to druggists selling on prescription or to the use of liquors for sacramental purposes, and it is a mystery to many of the city officials just why it was voted down.

It has been stated that a few slight changes will be made in the ordinance and that it will again be brought before council.

NO CELEBRATION

To Be Held By Wellsville Unions on Labor Day This Year.

At the regular meeting of Trades and Labor Council last evening it was decided that none of the local unions or labor organizations should hold a celebration here on Labor day. The reasons for this were: First, on account of there having been so many celebrations in Wellsville this year it was thought that another celebration could not be made a success; second, a number of the local unions in the city have received an invitation to attend and assist in the parade and big celebration at East Liverpool and have decided to accept.

The secretary of Trades Council here states that no invitation has been received by the council to attend the celebration, although it is believed that an invitation is forthcoming, in which event the local council will join in the celebration at the sister city.

New Organ Expected.

The new pipe organ which was donated by Andrew Carnegie to the Episcopal church of the Ascension of this city, is expected to arrive some time this week, unless some unavoidable delay occurs. It will be set up in the church as soon as it arrives and will be ready for use by Sunday, August 17.

Contract Completed.

Contractors Rinehart Bros. yesterday

completed the work of laying the concrete for the new belt line switch of the C. & P. road back of the city, to the intersection of Lisbon and Tenth streets. This completes their contract with the railroad company.

FOUR MEN FINED

Wellsville Mayor's Court Was Doing a Good Business Today.

Mayor Fogo did quite a rushing business this morning. Mike O'Rourke and Thomas Logan, who were arrested by Officers McVaine and Henthorn for fighting, being caught in the neighborhood of Jarvis' saloon in the West End early last evening, appeared and pleaded guilty. Each was assessed \$9.60. Logan paid up and was released, but O'Rourke did not have the required amount and was consigned to jail again.

J. J. Hays, an East Liverpool man, was arrested near Third street last evening by Chief Houser. He was assessed "three sheets to the wind." His assessment this morning amounted to \$5.60. He had the necessary coin and turned it over to the mayor.

Herman Blyler, claiming to come from Wall, Pa., was arrested last evening by Detective Bowen for train jumping. He was likewise assessed \$5.60 this morning, but couldn't pay and had to be locked up again.

WELLSVILLE SHORT STORIES.

C. C. Lawson was in Pittsburg yesterday on business.

Supt. W. H. Scriven, of the C. & P. road, with headquarters in Cleveland, is in the city on business.

Mrs. James Carothers, of Pittsburg, is a guest at the home of her father, J. W. Nixon, in this city.

Mrs. D. A. Davidson returned to her home in Lisbon yesterday after spending a few days with friends in this city.

Mrs. R. A. Blair, of Main street, left yesterday for Chautauqua Lake, where she will remain for a week or ten days.

Mr. and Mrs. W. G. Stark and family, of Pittsburg, are guests at the home of Mrs. Hettie Shepard, of Front street.

Mrs. George Donaldson and her daughters, Kate and Otis, left this morning for Chautauqua Lake for an outing.

Mrs. Lizzie Smith and her mother, Mrs. J. M. Patterson, and her children all went to Wheeling yesterday to visit relatives.

Miss Mayme McQueen, of Seventh street, left yesterday for Jefferson county, where she will spend a few days with friends.

Mr. and Mrs. Julius Goetz, of Front

THE WOMEN'S STORE

One lot of Lawn Wrappers, lace trimmed, worth \$1.00, we will close at 69c each.

New lot of Wrist Bags, Hat Veils, Wash Stocks and Combs.

Syndicate Block,

Stein & Sloan,

Sixth Street.

Subscribers who are going away for the summer months can have the Evening News Review sent to them by notifying this office of the out-of-town address, either by telephone or postal card. Change of address may be made as often as desired. When the change is ordered the old as well as the new address should be given.

SOUTH SIDE

STREET RAILWAY LINES AGREED ON

Hancock County Court Adopts Regulations For the Two New Trolley Roads.

The Hancock county court at New Cumberland yesterday met representatives of the two companies which have been granted street railway franchises on the south side and agreed upon provisions and rules for both.

C. A. Smith and others, who have the franchise for a line from Chester to Congo, were given the privilege of occupying the north side of the public road, as far as Kenilworth, and there crossing to the other side. The company has 30 days in which to accept the franchise, 60 days in which to begin work and 15 months in which to complete the line. Mr. Smith will begin work shortly and expects to have the road completed in much less than the specified time.

The East Liverpool Bridge company, which lately secured a franchise from Newell's ferry to Congo, will occupy the other side of the public road and run its cars across its new bridge, when built, to East Liverpool. There was much discussion of the privileges desired, but an agreement was finally reached that was satisfactory to all concerned. The application of the Ohio Valley Traction company for a franchise to Chester for its proposed road from Wellsburg via Holliday's Cove will be acted upon by the court later.

The report of Supt. R. S. Brown, of the East Liverpool Bridge company, in regard to the condition of the drive way of the bridge, which is badly in need of repairs, was before the United States court at Parkersburg yesterday and on account of other important business action in giving instructions to make the necessary repairs was postponed until August 18. Supt. Brown has given him to arrange for the taking up of the old planking on the bridge, which has given exceptionally good service and replacing it by oak planks of the same thickness, laid crosswise. The present condition of the floor of the bridge is deplorable and from one approach to the other, is a succession of bumps, making more of a jar on the structure than fast driving over it.

The extended improvements will cost in the neighborhood of from \$18,000 to \$25,000, and Mr. Brown is in hopes that the court will grant the request for the improvement, so that the bridge may be in proper condition before cold weather.

Senator George Dead. Samuel George, aged 78, died at Wellsburg yesterday. He was formerly a merchant and river trader and was a leader in the industrial development of Brooke county. Two years ago he was elected state senator. Chief among Senator George's local interests are the Wellsburg street railway, which he purchased in 1901; the Wellsburg Banking & Trust company, of which he was president; the Standard glass works, the sack factory and the paper mills, employing over 200 people.

Bank Officers' Meeting. A meeting of the stockholders of the new Chester bank will be held in

Mechanics' hall this afternoon. One of the important orders of business before the meeting will be the election of an assistant cashier.

Hand Badly Crushed.

Harold Harrington, a laborer at the tin mill, got his hand caught under a heavy bar of steel which was being unloaded last night. His hand was badly crushed.

Plan to Pipe Gas.

A plan is on foot to form a stock company to purchase the leases and holdings of the Line Island Gas company, which operated for oil and gas on the Kianey farm last spring. The company, after drilling with fairly good success, was compelled financially to suspend operations, after getting a very good gas well and an oil well which will pump about two barrels a day. The gas well since coming in, has kept up a 24 minute volume pressure and the intention is to pipe the gas for the benefit of the residents of Lawrenceville, who experience much difficulty in getting coal during the winter. The plan meets with hearty approval.

Mother of Denver Easter.

Mrs. Clay Easter, of Hazlewood, Pa., is the guest of Mr. and Mrs. Harvey Plankinton, of Carolina avenue, Denver, son of Mrs. Easter, was recently killed on the C. & P. railroad in East Liverpool. It was reported that the young man's family was in destitute circumstances. She declares this is not the case and is generous in her praise of those who befriended the young man after he was hurt. She denies that he was robbed.

Main Almost Finished.

Superintendent Thomas L. Young, of the water company, has about completed the work of laying the 8-inch water main on Carolina avenue that will connect with the main on Virginia avenue.

Big Crowd Expected.

The excursion of the employees of the Union Switch and Signal company, of Pittsburg, tomorrow will be a large one. The committee has arranged for three sections of trains and additional cars to those already ordered.

CHESTER NOTES.

Mrs. W. B. Gillis is expected home from Xenia, O., tonight.

Joseph Keenan removed his household goods to Pittsburg yesterday.

Mr. and Mrs. R. H. Grandstaff attended the Lindoff Golden wedding.

Mrs. Thomas L. Young and family are visiting relatives at Frankfort Springs.

Joan P. West is engaged in painting the new residence of Frank Croft on Phoenix avenue.

Freshwater & Co. expect to complete the paving contract of the streets of Chester in three weeks.

Dr. E. S. Donohoe is suffering much pain from a large carbuncle which has gathered in his right wrist.

Rev. W. B. Gillis left for Coshocton this morning to meet Mrs. Gillis, who has been visiting at Xenia.

Mart Miller, a prominent oil operator of New Cumberland, is attending the meeting of the stockholders of the new bank.

Conductor Frank Hogue is in Pittsburg on business connected with the sale of coal lands in Columbiana county.

Charles Marker, of Shippingport, is the guest of his brother-in-law, Howard Evans, of California avenue.

Asa Gear has commenced the erection of a five room house on Montana street.

E. P. Ackerson, in the interest of the Fraterna Mystic Circle, is in town and may organize a lodge of that order shortly.

REALM OF SPORTS

A GOOD GAME
BY HOME TEAMS

Y. M. C. A. and Athletics Had a Very Interesting Contest Yesterday.

MALEY DID THE PITCHING

For the First Time and Helped Greatly in Winning the Victory—All Sorts of Playing—Both Teams in the Same Class.

Defeated but not disgraced was the fate of the Athletics at the West End park yesterday afternoon in the game with the Y. M. C. A. team. The leaders in the Crocker City league, rung in at the last moment because Greenville cancelled a trio of games, played a fast game of ball and proved that they are in the same class with the preachers. Those who stayed away from the park yesterday thinking it would be nothing but a scrub game missed one of the best of the season. There was all kinds of ball playing from the very yellowest up to the very best, and there was not an inning that did not afford some sensational feature.

Maley proved a stumbling block for the Athletics and to his fine pitching most of the credit for the victory is due. Emmerling was almost as effective, but he was wild and kept getting in the hole by his liberality with free passes to first. He was at his best, however, when things looked the blackest for him.

For a starter Bennett cracked out a pretty double to left and scored when O'Leary threw wild to first on Tyson's grounder. The preachers took the lead in their half. Gibson hit safely and Maley bunted to G. Emmerling. The throw to first was wild and both runners were safe. Gibson counted on Wallace's single. Maley and Wallace counted on O'Leary's hit to right.

The preachers added another in the third. Gibson was hit by a fast shot only to be forced by Maley, who was

Norka

The ready-to-eat thoroughly cooked Oat Food.

Norka

Ask your grocer.

W. A. WEAVER

Wholesaler

199-201 Washington Street.

in turn forced by Wallace. He counted on H. Davis' safety.

Tyson singled in the fourth and stole second while Tommy Davis was thrashing the atmosphere. Trainer singled and Tyson completed the circuit, beating the throw to the plate by a narrow margin. Maley then tried to nail Trainer at second, but the ball soared over Webb's head, Tyson coming home.

With the bags full in the sixth Emmerling prevented a score. Tyson failed on Davis' boulder and O'Leary beat out a bunt. Brown went down on a pass. Davis was nailed at the plate on Webb's weakling to G. Emmerling, and O'Leary met the same fate on Reark's grounder to Tommy Davis. Brown was caught off third and nailed, Tyson to Davis. The bases were full again in the seventh, but the Athletics were not so fortunate, though one of the preachers' two runs was a clear gift from the umpire. Emmerling, first up, walked and Gibson scratched on a hit. Stilwell's throw to second to catch Gibson on Maley's grounder hit the runner and all were safe. Emmerling leaked over on Wallace's grounder. Gibson tried for home on a throw to second and was out on a close play, but the umpire thought otherwise and his tally counted.

The Athletics tried hard in the ninth, but could not reach. Trainer led off with a single, but Carey forced him. McAvoy sent a long line drive to left center that looked like a sack cleaner, but the fleet-footed Reark nailed it

after a hard run. The lick and the catch were two of the best features of the game.

The score:

ATHLETICS.	R	H	P	A	E
Bennett, r.....	1	2	1	0	0

Downed Wellsville.

A colored base ball team from this city defeated a colored team of Wellsville in the latter city yesterday by a score of 5 to 0. Batteries, Craig and Brock; Wyatt and Thompson.

Game at Rock Springs.

The Carroll Club and Second Y. M. C. A. teams of the Crocker City league will play at Rock Springs park tomorrow.

SPORTING MISCELLANY.

Comiskey and Callahan are still on a hunt for catchers.

The Athletics tried hard in the ninth, but could not reach. Trainer led off with a single, but Carey forced him.

McAvoy sent a long line drive to left center that looked like a sack cleaner, but the fleet-footed Reark nailed it

Eddie McBride, the well known sporting critic, and the official referee at the International Athletic club, thinks Jim Corbett will win over Jeff when they meet.

The Senators are now owned by a Washington syndicate and Manager Loftis has received instructions to spend at least \$10,000 in securing new players for the team.

Captain Comiskey has asked Jimmy Collins to loan him either Jake Stahl or Broadway Alec Smith, as Slattery is his only backstop. Sullivan and McFarland are on the hospital list.

Lafayette Winham, of Brooklyn, pitcher for the Worcester club of the Eastern league, now the Montreal, has been sold to the Pittsburgh National League club, and will report for duty in a week.

An effort is being made to organize an athletic club in Sebring and the effort promises to be successful. It is designed to open a reading room, with appliances for physical culture, and also include bath room.

has been having a popularity contest for members of labor unions of that city. In all 168,699 votes were cast. Thomas Lounds was the winner of the first prize, a trip to Europe, receiving 51,479 votes. John E. Anderson, of the clerks' union, with 45,389 votes, wins the trip to the seashore, while Thomas Neal will go to Atlantic City, having secured 44,804 votes.

The contest proved very exciting and was successful from every point of view. The Review deserves the success it is enjoying in East Liverpool and in the county.—Buckeye State, Lisbon.

MOULTRIE

Moultrie, August 7.—John Essick and Bert Glass took the contract of the hill below D. W. Crist's and are working there today. Every one about here will be glad to see it fixed so it will not be so bad in the winter.

Prof. D. W. Crist, wife and son returned from their trip to Buffalo Tuesday evening.

Charley Edwards is at his parents' home with typhoid fever.

Miss Myrtle Crist left yesterday for Portland, N. Y., to visit a lady who roomed with her at Oberlin.

Forest Foulks and family, of Canton, are visiting their parents and other relatives here.

Next Saturday is the day for the farmers' picnic in Brooks' grove, and a big time is expected. Everybody is invited.

Sarah Ruff, from Minerva, is in the neighborhood, visiting her brothers and sisters.

Lundy Reed and wife expect to go to Virginia the first of September, as he is going to college.

RAVISHED BY BRUTE

Woman Criminally Assaulted
by Negro Lawyer Near
St. Clairsville.

BRAVE STRUGGLE FOR HER HONOR

Screams Bring Assistance After Fiero
Has Escaped—Victim in Critical
Condition—Posse With Bloodhounds
on Trail.

St. Clairsville, O., Aug. 7.—This city was thrown into a panic when it became known that a terrible outrage had been perpetrated on Mrs. M. E. Stowe, one of the most prominent and highly respected residents of the town, who was ravished by a young negro lawyer.

The woman had been out for a walk during the afternoon and remained later than she had anticipated. About 6 o'clock she started for her home, the route extending through a lonely tract of woods. When within 200 yards of her home she was seized by the black fiend and thrown to the ground and after a brave struggle for her honor she succeeded in accomplishing his purpose.

When the woman regained consciousness her pitiable screams attracted the attention of passersby, who rushed to her assistance. She was taken to her home, where she told of the brutal outrage. A posse formed of the most prominent citizens of the county was organized and set out in pursuit of the negro, who escaped to the woods. The enraged mob is fully armed and bent on lynching the brute when he is apprehended. Mrs. Stowe is in a critical condition as the result of her awful experience.

Her assailant is a well-known negro, C. E. Burns, who has been practicing law in that vicinity. A report states that the bloodhounds have scented the trail and the chase is being pursued with renewed vigor.

Folsom Convict Captured.

Auburn, Cal., Aug. 7.—Convict Albert Scavis, the colored convict, one of the 13 who escaped from Folsom prison, is in jail with bullet wounds in both sides of his legs. He was captured when the train came in from New Castle. Sheriff Keena received word from New Castle that a negro answering the description of Scavis had boarded the night train there on the way out and when the train came into Auburn, Keena and Deputy Sheriff Coan were at the depot. The negro was called upon to surrender. He immediately opened fire on Coan, but failed to hit the deputy. At the same time Keena and Coan opened fire and shot the negro.

Successful Wireless Test.

Cleveland, Aug. 7.—The first practical test overland of the Deforest wireless telegraph system was made here. Signals were received from Buffalo, a distance of 180 miles direct, three-fourths of this distance being overland. The tests were conducted personally by Lee Deforest, who came here for that purpose. The experiment extended over a period of several hours, the communications received consisting of cipher and the wireless code messages. No attempt was made at sending replies, the sending apparatus not being as yet properly adjusted.

Tired Struggling Against Fate.
Colorado Springs, Aug. 7.—William G. Shapott, for the past eight years one of the most prominent mining and real estate men here, shot himself through the heart in his office in the Gazette building. He left a note saying that financial troubles had driven him to suicide. His wife found a note bidding her goodbye and saying he had struggled against fate long enough and would shoot himself as soon as he got to his office. She immediately notified the police, but they arrived five minutes too late.

EIGHT BOYS FINED FOR
DISORDERLY CONDUCT

Each Pleaded Guilty and Will Be Allowed Time in Which to Settle.

Business in police court has taken another slump, and while there is quite a batch of unfinished cases on the docket, but little is being done in the court of Mayor Weaver.

Eight boys, companions of Earl Baker, who was fined yesterday morning, were before the mayor last evening. The boys had been charged by Mrs. Gifford, of the Calcutta hill district, with disorderly conduct, and as there was no other way out of it, they appeared one at a time, pleaded guilty to the charge and all received a uniform fine of \$1 and costs, making \$4 in all. None of them had any money, and the mayor gave them a chance to pay the amount in installments.

Friends of Mrs. Birdie West paid her fine last evening, and she was released. Mrs. West has relatives in this city who are well known and highly respected. They feel the disgrace keenly, and are endeavoring to induce the unfortunate woman to change her ways.

George Stewart, who signs the pledge every time he falls into the hands of the police, broke over yesterday, and his system being unaccustomed to the effects of liquor, he succumbed to its influence. He became so drunk that he was unable to navigate, and selecting a secluded spot in the lumber yard of the Union Planting Mill company, lay down for a nap. He was discovered and Officer Bettbridge run him in.

DeWitt Is the Name.

When you go to buy Witch Hazel Salve look for the name DEWITT on every box. The pure, unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by Alvin H. Bulger.

SPELLING CONTEST

Was an Enjoyable Feature of the Program at the Epworth League Social.

A very interesting meeting of the Epworth League of the First M. E. church was held last evening in the Sunday school room of the church. The early part of the session was devoted to the business of the society and was followed by a short and interesting program. Each number was fully appreciated and enjoyed. It was as follows: Duet, Miss Olive Kent and Mr. Bernier; solo, Master George Fowler; recitation, Will Morris; song, quartet. The program was concluded by a St. Luke's spelling bee, in which a large number of those present took part. The spelling, which was given out by Charles R. Boyce, continued for several hours, during which great enthusiasm and enjoyment prevailed. The captains of the opposing sides were Will Morris and Prof. C. F. Brooke. Miss Carrie Knowles, who was spelling in Mr. Morris' line, was the last one to be spelled down, thus winning the contest for Mr. Morris' side. At a late hour the meeting was brought to a fitting close.

MINERS INJURED IN EXPLOSION

Trolley Wire Ignites Quantity of Powder—Wounded Now in Hospital.

Fairmont, W. Va., Aug. 7.—A terrific explosion of powder at Monongah mine No. 2 resulted in the injuring of eight miners, three of whom cannot possibly recover and with a possibility of two others dying from injuries received.

The accident happened in a peculiar way and how the men escaped death is a miracle. As the men were going into the mine to begin their day's work the last man to board the car had an eight-foot auger on his shoulder; also two 10-pound cans of powder. The auger struck a trolley wire, causing it to drop and ignited the powder, the force of which went practically in the faces of the men. Their moans were terrible to hear.

The injured men were hurriedly placed in a box car and brought to the state hospital here.

Criminal Proceedings Instituted.
Cleveland, Aug. 7.—Criminal proceedings were instituted in the federal court by attorneys representing the City National bank, of Canton, O., against Albert W. Deibel, teller of the latter institution, on the charge of embezzling about \$22,000 in funds and falsifying the bank's books. A deputy marshal has been sent to Canton to take charge of Deibel. The prisoner will probably be given a preliminary hearing before United States Commissioner Gilmer, at Warren, O.

Trespassers Ejected by Force.
Santiago de Cuba, Aug. 7.—Some engineers surveying a site for a terminal of the Cuba Eastern railway on the United States naval reservation at Guantanamo bay were warned off by the American officers, but refused to go. Admiral Coghlan notified the Cuban government and President Palma sent a revenue cutter, which forcibly ejected the trespassers. The railway having acquired the land, claims heavy damages.

WORK IS PROGRESSING

Continued from First Page.

chine, which enables the contractors to cover a much greater amount in a given time. Traffic between Youngstown and Lisbon will be opened this winter and the promoters promise that East Liverpool people will be able to ride from this city to Youngstown the latter part of next summer.

In addition to the establishing of power houses the company's representatives are also engaged in picking out sites for stations. These latter will be located at regular intervals along the route, and will consist of commodious structures, containing freight, express and waiting rooms. It is the intention

of the company to make these buildings comfortable and permanent, sufficient for the agent and family to live in. At the terminal in this city will be located a large station building of sufficient size to accommodate the immense amount of passenger and freight traffic which will come to the new concern when completed. The location for this building has not yet been arranged for, but Mr. Long and his associates have inspected several sites with that object in view and will make a selection within a short time.

Some work will be done in East Liverpool this year, but it cannot be expected that the entire contract will be carried out here. The aim of the company has been to complete the system as it goes, and East Liverpool will not be reached before next year.

WORK IS PROGRESSING AT A VERY GOOD RATE

Youngstown & Southern Officials Expect to Run Cars to This City In a Year.

THE FINAL SURVEY TO LISBON BEGUN

Within the next 10 days the final survey of that portion of the right of way of the Youngstown & Southern railway, lying between this city and Lisbon, will be commenced. J. R. Long, the real estate man for the company, with Chief Engineer George Tod, Jr., and Ernest Gozenbach, electrical and mechanical engineer, were in the city today and left this afternoon for Lisbon.

Mr. Long told a News Review reporter that the work on this end of the system would be commenced just as soon as all the details have been arranged. The right of way for the entire distance has been secured for some time, and the engineers have reached a point near Lisbon. Arriving there it was found that their services would be required along the line toward Youngstown, and they have been engaged there ever since. Within 10 days it is expected the large engineering corps can begin the survey between Lisbon and this city.

Engineer Tod and his party have just completed a tour over the route from Lisbon, the object being to locate

a site for a power house. Mr. Tod is very much pleased with the right of way and expresses himself as entirely satisfied with the outlook as far as the route is concerned.

Work on the railroad is progressing nicely, nothing of a serious character having happened to retard the progress of the enterprise. The injunction proceedings begun against the company in Mahoning county some time ago will not interfere in any way with the work, as the right of way does not go through the territory specified in the application for the injunction.

Grading on the roadbed has been completed for a distance of three miles on the north end of the line, and unless something unforeseen occurs, the road will be completed through to Leetonia by November 15, and will have reached Lisbon before the first of the year. As soon as the grading has been completed for a sufficient distance to justify it, the track laying will be started. Mr. Long says this part of the work will be accomplished by means of a track laying machine.

Continued on Eighth Page

NOT A WHISPER OF NEW RULES

Public Safety Board's Attention Occupied by Other Matters.

FIRE PLUG CONTROVERSY

There was not even a whisper of the rules and regulations for the police department during the meeting of the public service board last night, although the subject was mentioned by the reporters.

"Are you going to adopt the rules to-night?" the reporter asked a member. "I can't tell you," was the answer. "You see the crisis has been making them for us, and its reporter has not fixed the age limit yet. When this is done I suppose he will submit them to us. The other day a committee from the board met to discuss the Brunt fire plug and the next issue of the Crisis had us adopting certain rules."

It was stated last night that the board has prepared a set of rules and has postponed the adoption of them until City Solicitor Davidson can be consulted. The solicitor is now on his vacation.

The members of the board decided last night to pass upon the bills of its department but once a month, and the first meeting of the month was decided upon as the time. In going over the bills last night objection was made to being charged with fire plugs now on hand, which were paid for by the city before the code went into effect. These plugs are considered an asset, the same as the fire department horses and paraphernalia. Bills containing two fire plug items were referred back to the service board.

A vigorous objection was made to paying for the new fire plug at the rear of the Brunt pottery. A report from the committee having the matter in charge was heard, but no action was taken. Rather than pay for the plug the board may decide to change its location to the corner of East Third and Walnut streets.

Mayor Weaver brought up the matter of the bill for putting up the East End curfew bell, which has been held up because of a difference of opinion as to which fund it should be charged to. Messrs. Dawson and Taylor were appointed a committee to investigate the matter.

The salaries of the members and their clerks for the quarter just ending were ordered paid from the fund appropriated by council for the purpose. Two screens for the windows of the women's department of the city jail, for which bids were received some

time ago, were ordered purchased and placed in position. The screens will prevent persons from the outside passing things to the prisoners.

FINAL ARBITRATION OF PAINTERS' STRIKE

Decision Reached Which Is Likely to Be Satisfactory to All Concerned.

The board of arbiters which was appointed several days ago to take up the settlement of the painters' strike, will hold its final session this evening. A number of conferences have been held during the past week, and both sides to the controversy have made the arbiters thoroughly acquainted with the merits of their case.

The five members of the arbitration board have discussed the question in all its phases, and it is thought have reached a decision in their own minds as to a settlement which will meet the approval of both parties. When the men gave their consent to serve as arbiters it was with the understanding and an agreement from either side to the controversy that they would abide by the decision of the board, no matter what the conclusion might be. So with the short session of this evening and the decision which will follow the strike will be settled.

DEPUTY SUPERVISORS MEET AND ORGANIZE

George S. Walton Chosen Clerk And W. G. Bentley Chief Deputy.

Lisbon, August 7.—(Special).—At a meeting of the board of deputy state supervisors of elections for Columbiana county this afternoon George S. Walton, of Salem, was chosen clerk, and W. G. Bentley, of Salem, chief deputy. Five ballots were taken for clerk and Walton was then chosen by lot.

Treat for Infirmary Inmates.

Lisbon, August 7.—(Special).—The Columbiana County W. C. T. U. gave its annual treat yesterday to the inmates of the county infirmary. Twenty-five members were present and at the usual dinner hour served the treat in the dining room, after which the W. C. T. U. members took their picnic dinner in the woods nearby. In the afternoon Rev. J. A. Ulman, of the M. E. church, conducted preaching services in the yard.

Taken to Fairmount Home.

Lisbon, August 7.—(Special).—Jennie Easton, the 16-year-old Wellsville girl, who has been in the infirmary for some time, was taken to the Fairmount children's home today by Supt. Riddle. The girl's father and brother are in the penitentiary for crime against her.

AWFUL WRECK OF CIRCUS TRAIN

TWENTY PERSONS KILLED AND A DOZEN INJURED.

Wallace Bros.' Show Overtaken By Misfortune in Michigan.

Durand, Mich., August 7.—(Special).—Wallace Bros.' circus met with a terrible mishap on the railroad near here early this morning. A rapidly running engine crashed into the caboose of the circus train. Twenty of the sleeping occupants were killed and a dozen injured. There were also a few of the animals killed and the horror of the wreck was added to by the cries of terrified and injured beasts.

This circus is booked for a number of eastern Ohio cities, and is to be in East Liverpool August 24.

Foreclosure Proceedings Begun.

Lisbon, August 7.—(Special).—The Federal Building and Loan company, of East Liverpool, has begun foreclosure proceedings against August and Katie Nelson, alleging that on November 19, 1902, it advanced to the defendants \$1,350 as a loan secured by a mortgage on 35 of an acre in East Liverpool. The defendants having wholly failed to pay dues and interest according to the agreement, it is alleged the mortgage has become absolute. The plaintiff asks that the property be sold and the proceeds be applied to payment of the mortgage.

Lecture Course Arranged.

Lisbon, August 7.—(Special).—At a meeting of the Lisbon Lecture Course association a contract for a course of five entertainments was made with the Redpath Bureau, of Chicago. The course includes some of the best attractions on the American platform. Russell Conwell will open in November with his lecture on "Acres of Diamonds." Other numbers will be given by Dr. George E. Green, Albert Armstrong, Cameron Ridgeway and an entertainment by the Templeton Male Quartet, of Boston.

Probate Matters.

Lisbon, August 7.—(Special).—Susanna Lodge, of Leetonia, as guardian of Walter Lodge and others, has had an appraisal of real estate approved and has been ordered to give additional bond of \$800 pending the sale of the property. A requisition has been issued to Lodge Riddle as administrator of the estate of Robert Watson, who died in Knox township in 1885, requiring him to reject a claim of Amanda Holmes, against the estate.

THREE DIVISIONS IN THE PARADE

Chief Marshal and Aides Meet Tonight to Further Perfect Labor Day Plans.

At a meeting to be held tonight by Chief Marshal C. M. B. Beatty and his three aides, the start will be made on the arrangements for the Labor day parade to be held in this city on the morning of September 7. Judging from the plans already formed this feature of the celebration will be the most interesting and best attended ever yet held.

Mr. Beatty has been given full power in the matter and has formed a plan which cannot fail to attract attention and awaken interest on the part of the members of the local unions who are expected to participate in the parade. There are 38 unions in the city, all of which are under the jurisdiction of Trades Council. The chief marshal has selected William Bradford, William Pittenger and Criss McConnell as special aides, and it will be the duty of these men to take charge of the several divisions of the line of march. The 38 locals will be divided into three divisions, one of which will be placed in charge of each special aide. Division No. 1, which will be formed on Broadway, right resting on Sixth street, will be presided over by Mr. Bradford; division No. 2, to form on Fourth street, right resting on Broadway, has been given in charge of Mr. Pittenger, while the third division, forming on Fifth street, right resting on Broadway, will be presided over by

MILLIONS IN FINES NOT TO BE EXACTED

State Liberally Remits Penalties to Corporations for the Non-Payment of Willis Tax.

STILL 3000 DELINQUENTS

What Will Be Done in Their Cases Is Problematical—Up to Date Over 5000 Corporations Have Paid In About \$450,000.

From a Staff Correspondent.

Columbus, August 7.—Governor Nash, Attorney General Sheets and Secretary of State Laylin, acting as a commission under the Willis law, have remitted fines and penalties aggregating almost \$14,000,000 to corporations delinquent under this statute. This sum would be sufficient to bear the running expenses of the state for a period of three years.

The Willis law requires corporations to file reports and pay a tax of one-tenth of one per cent of the paid-up capital stock by May 1 of each year to the secretary of state, and provides a fine of \$100 for failure to make these returns on the date mentioned and an accumulative penalty of \$3.00 per day for each day the delinquency exists.

With the expiration of the time limit it was found that nearly 1,000 corporations were delinquent. They were notified that an extension of ten days had been allowed and it was intimated that if the reports and fees were filed within this period all penalties would be remitted. This had the effect in bringing most of the delinquents to time, but there are still about 3,000 out. What action will be taken on their cases is problematical.

To date a total of 5,229 concerns have reported and paid fees aggregating about \$450,000. Governor Nash stated yesterday that the penalties imposed by the law are outrageous, and it is thought probable that they will be reduced by the next general assembly.

Several Columbiana county corporations were remiss under the law and are among those exempted from the payment of penalties. These, together with the fee paid by each under the law, are as follows: Ohio Valley Business College company, East Liverpool, fee, \$10; Wellsville Pottery Mill company, Wellsville, \$10; Midway Land company, East Liverpool, \$30; H. A. Thompson Banking company, Salineville, \$10; Vulcan Clay company, Wellsville, \$24; Wellsville Plume and Sheet Iron company, Wellsville, \$80; East Palestine Pottery company, East Palestine, \$40.

SMITH APPEALS FROM THE MAYOR

EAST LIVERPOOL SALOON MAN OBJECTS TO A FINE.

Gives Ten Reasons for His Belief That the Penalty Was Unjustly Imposed.

Lisbon, August 7.—(Special).—The case of Ohio versus Cornelius Smith, an East Liverpool saloonist, has been carried up on error from the court of W. A. Weaver in East Liverpool. Smith, as plaintiff in error, says that on July 17 the defendant in error recovered a judgment against him in a criminal action in the mayor's court in which Smith was charged with keeping his saloon open on Sunday and was fined and assessed the cost of prosecution.

The petition sets forth 10 reasons why the court should reverse the action of the lower court, as follows:

First—Neither the affidavit or warrant stated any offense under the laws of Ohio.

Second—The mayor did not have jurisdiction.

Third—The mayor erred in overruling the motion of the plaintiff in error to dismiss the case after the evidence for the state had all been given.

Fourth—The mayor erred in refusing a new trial.

Fifth—There was no evidence to sustain the decision and judgment of the mayor.

Sixth—The finding, decision and judgment of the mayor was contrary to the evidence.

Seventh—The finding, decision and judgment was contrary to law.

Eighth—There was no evidence to sustain the finding, decision and judgment of the mayor.

Ninth—The court erred in rendering judgment for the defendant in error, when it should have rendered for the plaintiff in error.

Tenth—Other errors apparent upon inspection of the record.

Attorneys Smith and Lones, of Wellsville, filed the petition.

PROMINENT WOMAN COMMITTED SUICIDE

Mrs. Arthur S. Guthrie Cut Her Throat At a House in Sewickley.

Sewickley, August 7.—Residents of fashionable Sewickley were horrified yesterday afternoon by the suicide of Mrs. Daisy L. Barber Guthrie, of Grafton, a member of one of the leading families of Titusville. She killed herself by cutting her throat, almost severing her head from the shoulders, at the residence of her sister-in-law, Mrs. A. L. Lowrie, wife of an oil man. The deed is attributed to insanity.

Mrs. Guthrie was a daughter of James R. Barber, a pioneer resident of Titusville, and the family is one of the most prominent in that city. For years Mr. Barber has been engaged in the oil business. Mrs. Guthrie was born in Titusville and lived in that city till her marriage to Arthur S. Guthrie three years ago. Mr. Guthrie is manager of the Grafton Gas company at Grafton, W. Va., and with his wife had been living at Grafton for about a year. Previous to their removal to Grafton the Guthries lived two years in Toronto, O., their first place of residence after their marriage, where Mrs. Guthrie was well known and had many friends. The husband a day or two ago left his office in Grafton to go to Fairview, W. Va., to superintend some field operations and he had not returned to a point where he can be reached by wire last night. He is well known in East Liverpool.

THE MAYOR EXPLAINS LIBRARY APPOINTMENT

If Mr. Goodwin Declines He Will Heed Trades Council's Wishes.

The committee appointed at the meeting of trades council Wednesday evening to interview Mayor Weaver regarding his appointment of a successor to J. J. Weisend on the Carnegie library board, met Mayor Weaver last evening. The latter informed the committee that he had already appointed Mr. Goodwin to the position, and though that gentleman had not yet signified his willingness to accept, he presumed the matter was settled.

The mayor said he had not been familiar with the history of the consolidation of the two libraries. Had he been, it is probable the wishes of the laboring people would have been consulted. However, if Mr. Goodwin declines the honor, he will be guided by the committee in his selection.

OPPONENTS OF GAS GRAB HAVE AN ORGANIZATION AND MEAN TO DO BATTLE

Meeting Held Last Evening and Plans Laid for a Strenuous Campaign for the People's Rights.

The Anti-Gas Grab association was formed at the city hall last night, and it is expected that by the end of the present month the membership will number in the hundreds, and its influence such as to effectually defeat the aims of the gas corporation. About 40 citizens were present and there was plenty of enthusiasm. The promoters got together about 7 o'clock, and immediately proceeded to form a permanent organization by the election of the following officers:

President, P. J. McKeone; vice president, William Cope; secretary, Criss McConnell; treasurer, H. W. Smith.

Several communications were read from nearby cities having the prevailing rate charged, and the proposed increase. Several of the towns are yet to be heard from, and by the next meeting it is expected that a very good idea can be had of the relative rates all over this section. It has been rumored that the gas people had caused to be circulated in Steubenville a report to the effect that the private consumers of East Liverpool had accepted the increase and would pay it without a murmur. Had the good people of the Jefferson coun-

ty town been present at the meeting last night and heard the expressions of the members of the new association, they would change their minds very quickly. The new rate has not been accepted nor will it be without a vigorous protest.

A soliciting committee was appointed at the meeting last night to be composed of Messrs. Smith, McKeone and McConnell. These men have been provided with a blank form to be used in securing new members, and they will begin on the missionary work at once. The heading of the paper was been worried so that the people who signify their intention of joining the association by allowing their names to go on the list cannot fail to understand the nature of the task before them. The list is already lengthy, and will be doubled by the end of the present week. The platform and declaration of objects of the new association are as follows:

"The undersigned do hereby contribute the amount opposite their names for the purpose of making an organized opposition to the advance in rates on natural gas proposed by the corporation."

MILKMEN ARRESTED BY HEALTH OFFICER

Alliance Dealers Accused of Using Preservatives in Their Product.

Alliance, August 7.—(Special).—A special officer from the state health department at Columbus came to Alliance yesterday and caused the arrest of five prominent local milkmen, charging them with adulterating their milk with preservative to keep it during the hot months. All pleaded guilty and each was fined \$50 and costs, which they paid.

The officer came to Alliance over a week ago and bought samples from each of the local milk wagons as they were making their rounds one morning. There were taken to Columbus and analyzed, with the result as stated. A sensation was created here by the affair.

VON HOLLEBEN'S LETTER OF RECALL

Formally Presented to the President By Germany's New Ambassador.

Oyster Bay, L. I., August 7.—(Special).—Baron von Sierenberg today presented to the president Ambassador von Holleben's letter of recall and his own appointment as German ambassador to the United States.

WIFE DESERTED HIM

Leonidas L. Wilson, of East Liverpool, Has Filed a Suit for Divorce.

Lisbon, August 7.—(Special).—Leonidas L. Wilson, of East Liverpool, has filed suit for divorce from Olive Wilson. They were married in 1899 in Beaver and lived together until July, 1900, when his wife deserted him and has ever since utterly disregarded her marital duties. They have had one child.

Appealed from Justice's Court.

Lisbon, August 7.—(Special).—A case in which the Charles Case Shoe company is plaintiff against A. Peterson has been appealed from the court of Justice J. N. Rose, of East Liverpool, where the plaintiff got judgment for \$65.65 and costs. Suit was brought for \$162.45, with interest from February 10, 1903, held to be due for a consignment of shoes sold and delivered to Peterson.

W. R. C. Meeting.

The Women's Relief Corps met this afternoon and held its regular meeting for the month in G. A. R. hall. The regular business of the organization was brought before the society and received due attention.

THE DOG QUESTION GETS INTERESTING

Police Fear to Kill Valuable Animals, Even If They Are Not Muzzled.

COMPLAINTS ARE MANY

For the past week the city authorities have been overwhelmed with complaints from residents all over the city asking that dogs who run at large without muzzles be either killed or placed where they can do no harm. So numerous have become the kicks that the entire police force has become interested in the dog question, and the law has been carefully read to determine how far a police officer can go.

The city ordinance now in effect provides that all dogs permitted to run at large during the period commonly called "dog days" shall be equipped with a muzzle. Any canine found upon the street not so provided, the ordinance says, can be killed by the police.

When the complaints grew more persistent and the demand upon the police became continued, Chief Wyman determined to enforce the ordinance as he found it, no matter who objected. The police officers were instructed to kill all unmuzzled dogs on sight, and some of them decided to obey the order. Others, however, hesitated before starting the practice, claiming they were throwing themselves liable in case the owner of the dog saw fit to carry the matter to the court. Officers Dawson, McDermott, Auderheide and even Chief Wyman himself admits that there is a question as to their authority to dispatch a dog without giving its owner due notice or endeavoring to have him comply with the law. It is the opinion of those of the officers who have been interviewed on the subject that their individual bonds could be attacked with an excellent chance to recover if they happened to kill a dog whose owner should decide to take the matter into court. In order to be on the safe side it has been decided to act in accordance with the state law, which says:

"4202.—Certain Animals not to Run at Large; Penalty.—No person or corporation being the owner or having the charge of any horses, mules, cattle, sheep, goats, swine, dogs or geese, shall suffer the same to run at large in any public road or highway, or in any street, lane or alley, upon any unenclosed land, or cause such animals to be herded, kept, or detained for the

WITH THE WORKMEN IN THE CLAY PLANTS

CHINA CLOSETS.

A pretty china closet with a display of dainty ware is one of the dining room features that are dear to the heart of every woman, and with a little ingenuity and the use of a few fancy dishes surprising results may be obtained.

The woodwork of this china chest that is exposed to view, including the fronts of the drawers, should be of the same material as the wood of which the table, chairs and sideboard are made. The rail at the bottom of the middle compartment may be of brass or of the dull black iron that is user so much at present, and so artistically, for decorative purposes.

EAST AND WEST.

The potteries in operation for the most part have been standing for decades and the tendency to keep pace in architecture with the progress of the times does not appear to have been as contagious there as in the west, says an exchange. But Trenton's pottery industry, on the other hand, is more diversified than it is in East Liverpool. A well known potter who has worked many years in both the east and west, made the statement recently that the sanitary plants of Trenton, in one or two instances, possessed even finer buildings and better equipments than the latest and most improved plants in the west.

BECOME RAILROAD MEN.

John Briggs, packer, and Ambrose Criss, fiddlerman, have resigned their positions with the American China company to accept situations on the railroad. Mr. Briggs will fire an engine on the C. & P., while Mr. Criss will fill a like position on the Wheeling & Lake Erie.

Mr. Weiss, formerly a packer at Thompson's pottery in East Liverpool, has accepted a position in the ware house of the American China company.

PROFITABLE VISIT.

President Carr, of the Warwick China company, Wheeling, W. Va., reports his recent visit east as having been a very profitable one. Not profitable from a monetary standpoint, but socially and mentally. Each year he goes east at this season to meet old associates and friends and this visit

BLOOD POISON

Bone Pains, Itchings, Swellings.

If you have aches and pains in bones, back and joints, itching scaly skin, blood feels hot, swollen glands, itches and rashes on the skin, Mucus Patches in Mouth, Sore Throat, Pimples, Copper-Colored Spots, all run down, Ulcers on any part of the body, Hair or Eyebrows falling out, take **Botanic Blood Balm**, guaranteed to cure the worst and most despicable cases. TEST OF THE LAW ON CHILD LABOR

A Subject Which Is of Great Interest in Trenton Pottery Circles.

HALF OF THE JUVENILES

Now Employed in the Potteries Will Be Discharged if the Law Is Sustained—Trade Topics of Interest from the New Jersey Ceramic City.

From a Staff Correspondent.

Trenton, N. J., August 7.—The action of the South Jersey glass manufacturers in expressing themselves in defiance of the provisions of the new child labor law will likely form the principal topic of discussion at the annual convention of the New Jersey State Federation of Labor, which will be held beginning August 17 at Bridgeport. The local members of the National Brotherhood of Operative Pottery are displaying considerable interest in the action of the glass manufacturers, because of the efforts they put forth to have the measure passed by the last legislature.

The law which fixes the minimum age of children employed at 14 years, becomes effective September 1. Chief Factory Inspector John C. Ward has declared his intention of enforcing it and prosecuting without delay any violators. Mr. Ward says that his department is willing to enter into a friendly litigation to test the law, but he has had legal advice that the claim which will probably be advanced by the glass manufacturers is that the law invalidates itself by failing to specify the time on September 1 of what year it becomes operative will not hold.

The enforcement of the law will mean that the potteries of this city will be compelled to discharge half their working force or children, who are employed as mould runners and assistants to the workmen in the various departments and employ older help, which will increase their operating expenses materially. Factory Inspector Ward has not only been notified by some of the large glass manufacturers that they will ignore the law, but they have already engaged their help for the blowing season, which begins September 1.

The Oakland Manufacturing company has broken ground for the erection of its plants, which are to be utilized for the manufacture of glazed brick. The bricks are to be made for exterior structural ornamentation and fine interior finish. The finish of the bricks will resemble that of tiling and at the start only solid colors will be made. The company has an authorized capital stock of \$100,000 and the incorporators are Franz Hill, Patrick H. Moohan and Thomas Trapp. The company has purchased a tract of land of 28 acres along the Philadelphia & Reading railroad. The building, which is now under course of erection, measures 100x32 feet. Two kilns will be put in operation soon and the building will be increased in size as the business of the company demands.

John A. Campbell announces that he will not accept the Republican nomination to run against Mayor Frank S. Katchenbach, who will probably be given a second nomination by the Democrats. The Republican party managers consider him their strongest choice and are using every means to get him to accept the nomination. Mr. Campbell, in spite of his declaration that he has no political ambitions, stands a good chance of election, should he reconsider. He is a member of the board of library commissioners and is president of the state tenement house commission.

Extensive preparations are being made by the employees of the Thomas Maddock & Sons pottery for their annual outing, which will be held August 22 at the Inter-State fair grounds. An interesting program of sports is being arranged for the event, and a large list of entries has been received.

Bertrand Rhead, representing Thomas Hulme, of Hanley, England, was in this city for a week, getting orders for decalcomania and other decorative pottery material. Mr. Rhead then left for the west to spend three weeks.

Frederick Duggan, owner of the Imperial Porcelain works, has subscribed \$250,000 for the erection of a new hotel at Spring Lake, N. J., a summer resort along the Atlantic coast. Mr. Duggan has agreed to take a first mortgage on the property to secure an issue of \$125,000 in gold bonds. The other \$125,000 has been subscribed by the stockholders. Previous to Mr. Duggan's offer, numerous attempts had been made to interest New York and Philadelphia capitalists in the project, but failed.

William S. Hancock, vice president of the Trenton Pottery company, and Charles Howell Cook, of the Cook Pottery company, have been chosen directors of the Trenton Theater Building company, recently organized to erect a new theater on North Warren street.

STAR BARGAIN STORE.

The Greatest Mid-Summer Clearance Sale now going on at our store. Every department is offering great money savers which you do not want to miss.

A BOY DROWNED IN THE RESERVOIR

Eight-Year-Old Lad Loses His Life in the Basin at Steubenville.

Steubenville, August 7.—Willie D. Connell, aged 8, drowned in the reservoir yesterday afternoon. Young Connell, with his brother and another lad, went to the reservoir to fish, so one of the boys claimed, but it is known that there are no fish in the reservoir and it is supposed that they went after frogs. The boys live on LaBelle View about three squares away. The McConnell boy's father is employed at the LaBelle mills.

The boys were inside the fence playing about the edge of the reservoir, on the grass, and were walking about, when young Connell's foot slipped over the edge. The four sides of the basin are covered with moss and the least weight upon the foot would be sufficient to cause the body to slide into the water. Connell's foot touched the moss and in a second he was struggling in deep water. It was only for an instant though, as he was unable to swim and quickly sank to the bottom.

The police, Deputy Coroner Campbell and Assistant Undertaker Burns of Mattenberger's, were still searching for the body at a late hour. The basin is 13 feet deep and contains about 300,000 gallons of water. The search will not be given up until the body is found.

Several days ago it was reported to the service board that boys were in the habit of hunting frogs about the reservoir, and the board was making an effort to prevent it, fearing that the boys who generally pulled boards off the high fence to enter, would get drowned.

New Kind of Life Insurance.
For twenty five cents you can insure yourself and family against any sudden result from an attack of bowel complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. For sale by Alvin H. Bulger.

EAST END

CHURCH PICNICKERS HAD AN ENJOYABLE DAY

Base Ball, Foot Ball And Races At
ford Great Amusement to Second
U. P. Church Congregation.

Sales of arnica and other medicines
of a like nature have been larger to-
day than any time in the history of
the East End, owing to the picnic of
the Second United Presbyterian church
yesterday at Andrews' grove, near
Calcutta. The sales were mostly to
the married men of the church, who
tried to down the single men at base
ball, foot ball and other contests. The
picnic was a great success and will be
remembered for many months in spite
of the aches and pains.

The ball game between the benedicta
and the bachelors was called in the
third inning when supper was an-
nounced, leaving the score 10 to 2 in
favor of the latter. The foot ball game
resulted in a tie and it will likely be
finished some day soon in the East
End.

Mrs. Will Kinney was the victor in
the race for "fat" ladies and Miss
Mary Donovan won the race for "slim"
ladies. Miss Elizabeth McCormick
won the potato race. In the 75-yard
dash, Will Price, Thompson Andrews,
Jr., and Lyman Earle were tied for
first position. The race for men over
45 years of age was won by Archie
Searight.

Nearly every member of the congre-
gation, between 300 and 400, were in
attendance and an enjoyed the day im-
mensely. Quite a number made the
trip upon hay wagons, while others re-
sorted to street cars and carriages.

TRIBUTE TO MEMORY OF ROBERT BEALE

Miss Florence Hill, His Sunday School
Teacher, Tells of His Excel-
lent Traits.

Miss Florence Hill, of Ohio avenue,
was Robert Beale's Sunday school
teacher and this morning paid him
this tribute: "Robert had many excel-
lent traits of character. He seemed
so much to appreciate all kindly at-
tention shown him. I was much interest-
ed in the boy ever since he became a
member of my class, nearly two years
ago, and often invited him to visit
me. This he was wont to do, some-
times remaining a whole evening, and
I am sure our enjoyment was mutual.
He often brought me little tokens of
his generous heart, apples, flowers,
and among other things a picture of
his baby nephew, of whom he seemed
to be very proud. I know his class-
mates will miss him and remember
him for his better qualities."

Miss Hill's class will serve as pall-
bearers at the funeral, which is to be
held at the residence on Mulberry
street, tomorrow afternoon at 2 o'clock.
Rev. J. N. Swan will conduct the ser-
vices. The interment will be made at
Riverview cemetery.

Two Lawn Fetes.

The lawn fete given last evening
by the Junior League of the Erie
street M. E. church was a most en-
joyable affair and many were present.
Tempting refreshments were served.

The lawn fete of the Ladies' Aid so-
ciety of the church was also held last
evening at the home of Mrs. Emma
Pinkerton, of Pennsylvania avenue.

EAST END AFFAIRS.

Ned Mowen left today for a visit
with relatives at Deerfield.

Herschel Wheaton has returned
from a trip to Jackson county, W. Va.

Miss Georgia Buzzard, who has been
quite ill for several days is reported
better today.

Mr. and Mrs. Taylor Larkins left
yesterday for Akron and Canton to
spend a few days with relatives.

MOSQUITO SLAYER HAS GOOD BACKING

Uncle Sam Proposes to Get Rid of
the Bloodthirsty
Pest.

THE ACOMERMIS CULCIS

His Agent—The Campaign Begun in
New Jersey, in the Heart of the
Enemy's Country—Great Possibil-
ities for Scientific Work.

Washington, August 7.—A paternal
government having gone into the busi-
ness of backing airship experiments
and having spent its hard gathered
dollars on flying kites, Dr. Charles
Warren Stiles, chief zoologist of the
public health and marine hospital ser-
vice, believes it is quite in order for
this same government to go into the
business of growing mosquito destroy-
ers. This same scientific gentleman,
whose head is as long as his title,
has appealed to a sentiment that he
can safely depend upon to indorse his
demand when he makes the announce-
ment of a discovery of "Agamomermis
culcis," guaranteed to run down and
slay the most bloodthirsty and able
bodied mosquito in almost no time.

The general public hardly hopes to
ride in airships as a daily means of
suburban transit, even should Prof.
Langley attain entire success in his
experimental flight of the Buzzard, as
his big kite has been nicknamed.

Under the circumstances it looks
upon an expenditure of \$50,000 of tax-
payers' money to further this attempt
with the mildest of curiosity and no
sense of personal satisfaction, ever.
If there is no active criticism, but
let Dr. Charles Warren Stiles develop
a big enough pack of Agamomermis
culcis in his kennels to demonstrate
that dividends in slain will accrue
from a mosquito hunt, and it is hard
to see how this gentleman can avoid
elevation to the presidential chair on a
popular wave of political revolution.
If his campaign were conducted in the
summer time there is small question
but that such an army of political
workers could be rallied from the sea
shore and mountains, woods and lakes,
for his cause as neither tariff for re-
venue nor yet protection, neither free
silver nor yet sound money, ever
brought out. And from Maine to Flor-
ida, Boston to San Francisco, Cleve-
land to Manila, a drag net could hardly
bring to light the man who would
brave popular indignation by oppos-
ing government aid for such an enter-
prise as mosquito destruction—always
providing that Dr. Warden Stiles can
destroy 'em.

He insists that he can and with a
bottle full of Agamomermis culcis he
is off for New Jersey this week to
prove his claims. Agamomermis cul-
cis is about one-hundredth the length
of his name, according to Dr. Warden
Stiles. He pursues the enemy of man,
and the summer girl, as relentlessly

In the early days of railroad-

ing trunk lines or through lines were un-

heard of. Numerous independent

lines, running from one important

town to another, sprang into being,

and were run on a go-as-you-please

plan. Railroad development, on its

present magnificent scale, was the

growth of years. Not until far-sighted

men began to connect up independent

lines and to organize them into sys-

tems will have the choice of journeying by trolley cars or steam cars, and will find branch lines to transport them to the larger towns and villages lying a few miles back of the main routes. The business of electric railway building is growing at a rate which few others can match, and it is going to prove a most important factor in the development of the country districts as well as the urban communities. East Liverpool stands a chance of being placed at no distant date on electric routes that, if not main lines, will at least afford speedy and convenient connection with such lines. And with connections with Youngstown and Pittsburgh established we will be so near the main lines as hardly to know the difference.

A great opportunity for usefulness is open to the association formed last evening for the purpose of fighting the rates which the local gas companies seek to enforce. The prosperity and growth of East Liverpool have both been largely enhanced because of cheap natural gas. The \$5,000,000 trust now controlling the gas supply for this portion of the Ohio valley, in order to increase its dividends and to provide funds for extending its mains without going down into its own pockets, proposes to defy the laws of the state of Ohio and the ordinances of the city granting it franchises by increasing the rates to natural gas consumers 25 per cent. Such high-handed injustice the people of East Liverpool do not propose to countenance or endorse. "There is the issue in a nutshell and the battle will be fought to a finish. Victory means progress and prosperity to East Liverpool; defeat means a setback in both directions. If justice triumphs, the gas companies will be compelled to live up to their agreements."

Word comes that the canal treaty may be defeated by filibustering tactics. Sooner or later the chickens of our astute statesmen come home to roost. Colombian legislators are but imitating American methods.

There is a girl in Chicago who has worked 31 years for the same family. Why should a girl like that have to work for a living? She ought to be able to get big money from the museums.

Bryan soberly announces that he expects to be president some day. Even his unbounded confidence in his own astuteness will not induce him to name the day, however.

It should not be forgotten that the period of our greatest expansion of foreign trade is since the Dingley tariff bill became a law.

The lesson that loaded weapons are dangerous playthings is again exemplified by the East End tragedy.

Morgan has merged two banks with \$27,000,000 capital, which is very good for a starter.

OBITUARY

Mrs. Lucinda Armstrong. Lisbon, August 7.—(Special)—Friends at Rogers have received word of the death of Mrs. Lucinda Armstrong, who died a short time since at her home near Beaver Meadow, Alabama, aged about 60 years. She was an old time resident of Middleton township, where she is remembered by many friends. A number of years ago she moved to Alabama with her husband, Dawsey Armstrong, who died there about four years ago.

Mrs. Daniel Rose. Mrs. Daniel Rose, aged about 80 years, and who resided at her home near Highlandtown, died Wednesday night after several weeks' illness. She was born in Steubenville. Her maiden name was Mary Ann Criss. She was married 50 years ago to the late Daniel Rose. Besides a brother, Charles Criss, of Yellow Creek, she

MI-O-na, the Flesh-Forming Food, Increasing the Weight of Will Reed's Customers. One of the greatest successes of late years has been achieved by MI-O-na, the remarkable flesh-forming food. Its sale here in East Liverpool is increasing so rapidly that Will Reed, the enterprising druggist who introduced it, is having hard work to keep it on hand.

Have Will Reed sign this bond when you buy a box of MI-O-na.

GUARANTEE BOND.
I hereby agree to refund the:
: price paid for MI-O-na, if the:
: purchaser tells me that it has:
: not increased flesh and given:
: freedom from stomach trou-:
: bles. WILL REED.

It has become very popular with well known bankers, ministers, lawyers and others whose business or profession prevents their taking much exercise, while those who have been troubled with indigestion, mal-assimilation of food and loss of flesh, brought on by irregular eating, worrying or other causes, have found health and strength in this reliable remedy.

MI-O-na has been so uniformly successful in building up good, solid, healthy flesh, and in curing all stomach troubles, that Will Reed sells it under his personal guarantee to refund the money if it does not give satisfaction. A guarantee like this speaks volumes for the merit of MI-O-na.

THE DOG QUESTION GETS INTERESTING

Continued from First Page.

purpose of grazing the same on premises other than those owned or occupied by the owner or keeper of such animals, except as hereinafter provided; and any person violating the provisions of this section shall forfeit and pay for every such violation, as penalty therefor, not less than one dollar, nor more than five dollars; continued violation, after notice or prosecution, shall be an additional offense, for each and every day of such continuance.

As near as is considered safe, the ordinance on the subject will be enforced by the police, but the state law just quoted will be taken as the main authority, and upon it they will rely for vindication in case their actions are questioned. It is not expected that any objections will be made to capturing and dispatching mongrels of the vagrant or tramp type, but there is certain to be trouble the first time a valuable dog is killed. Owners have the alternative of keeping their animals tied up if they do not see fit to muzzle them, and quite a number have adopted this plan to get around the difficulty.

It is held by a large number of people that there are far too many ownerless dogs roaming the streets at the present time for the absolute safety of the residents, and it is believed no objection whatever would be made to the killing of a few score of them.

In connection with the dog killing proposition another obstacle has been encountered, and the police are greatly concerned over it. The health department has disclaimed any liability in disposing of carcasses, the owners cannot be located once in a hundred times, and cannot be expected to bury the dog if found. So it has come to a simple question of the policeman who kills the dog disposing of the carcass himself. The law on this point has also been looked up, and it is thought the officers can collect one dollar for each dog buried, and if it is found they can collect this sum legally if it is probable the killing process will be started very soon.

Straw hats, big sensation price, 65c. Choice from \$1.50, \$2.00, \$2.50 and \$3.00. Joseph Bros. are selling now at 65c.

We'll have no summer shoes left when this sale is over.

WELLSVILLE

ABATEMENT OF NUISANCES WAS UNDER DISCUSSION

Health Board Discussed Several Problems of Interest to Wellsville.

A special meeting of the board of health was held last evening in the city hall, at which time a number of sanitary nuisances were taken up by the board.

The first matter discussed was the pool, little less than an inland lake, and which is located on Thirteenth street, where Cooper, the medicine man, held forth. This lot is owned by McLean Bros. and Ross Noble. David McLean, who appeared before the board, stated that he had examined the pool of water and that the water would not drain off the lot, because of a lack of gutters on Short and Thirteenth streets. McLean stated that it was the fault of the city that the water was on the property and he asked the board to investigate the matter. He promised that the lots should be filled if the board found the owners to be at fault. City Engineer Leith was appointed to investigate and the board's action on the matter will be based on Leith's report.

James Blue was next heard by the board. Complaint had been made to the board about cess pools on two lots located to him, located on Main

street, between Fifteenth and sixteenth streets. Mr. Blue stated that he had already arranged to have the nuisance abated and said that it would be done at once.

Thomas Moore was the next man to be heard. Complaint had been made regarding a pile of garbage on his property on Twelfth street. He stated that he had already had part of the garbage removed and would have the balance taken away at once.

The condition of the property of Henry Mace, Main and Thirteenth streets, was next considered. It developed that 20 years ago the city had constructed a storm sewer in that locality and that since that time people living between Thirteenth and Fifteenth streets had been using it for sanitary purposes, and caused a foul smell to issue from the sewer on Center and Commerce streets. The clerk of the board was instructed to notify all persons using this sewer to connect their property with the sanitary sewer.

It was reported to the board that there was a foul smelling vault in the rear of Frank Geisse's saloon on Thirteenth street. The health officer was ordered to notify S. W. Conner, the agent of the property, to abate the nuisance.

No other important matters were taken up and the board adjourned to Friday evening, August 14.

THE SUNDAY ORDINANCE

Many of the People of Wellsville Are Wondering Why It Was Voted Down.

Ever since the council meeting last

Tuesday evening, the popular topic, wherever citizens congregate, has been the proposed ordinance providing for the arrest of any person caught in an ale, beer or porter house on Sunday, which was defeated at that meeting by a number of citizens are against the ordinance, but the majority are much in favor of it and are indignant because it was defeated by the city fathers. The ordinance is one which is in force in all of the large cities of the state and it is well it should be in force in Wellsville, as there is no ordinance by which the Sunday buyer can be placed under arrest, although there is one which provides for the arrest of the saloon-keeper who sells on Sunday.

There was nothing contained in the defeated ordinance which could be applied to druggists selling on prescription or to the use of liquors for sacramental purposes, and it is a mystery to many of the city officials just why it was voted down.

It has been stated that a few slight changes will be made in the ordinance and that it will again be brought before council.

NO CELEBRATION

To Be Held By Wellsville Unions on Labor Day This Year.

At the regular meeting of Trades and Labor Council last evening it was decided that none of the local unions or labor organizations should hold a celebration here on Labor day. The reasons for this were: First, on account of there having been so many celebrations in Wellsville this year it was thought that another celebration could not be made a success; second, a number of the local unions in the city have received an invitation to attend and assist in the parade and big celebration at East Liverpool and have decided to accept.

The secretary of Trades Council here states that no invitation has been received by the council to attend the celebration, although it is believed that an invitation is forthcoming, in which event the local council will join in the celebration at the sister city.

New Organ Expected.

The new pipe organ which was donated by Andrew Carnegie to the Episcopal church of the Ascension of this city, is expected to arrive some time this week, unless some unavoidable delay occurs. It will be set up in the church as soon as it arrives and will be ready for use by Sunday, August 17.

Contract Completed.

Contractors Rinehart Bros. yester-

day completed the work of laying the concrete for the new belt line switch of the C. & P. road back of the city, to the intersection of Lisbon and Tenth streets. This completes their contract with the railroad company.

FOUR MEN FINED

Wellsville Mayor's Court Was Doing a Good Business Today.

Mayor Fogo did quite a rushing business this morning. Mike O'Rourke and Thomas Logan, who were arrested by Officers McVaine and Henthorn for fighting, being caught in the neighborhood of Jarvis' saloon in the West End early last evening, appeared and pleaded guilty. Each was assessed \$9.60. Logan paid up and was released, but O'Rourke did not have the required amount and was consigned to jail again.

J. J. Hays, an East Liverpool man, was arrested near Third street last evening by Chief Houser. He was about "three sheets to the wind." His assessment this morning amounted to \$5.60. He had the necessary coin and turned it over to the mayor.

Herman Blyer, claiming to come from Wall, Pa., was arrested last evening by Detective Bowen for train jumping. He was likewise assessed \$5.60 this morning, but couldn't pay and had to be locked up again.

WELLSVILLE SHORT STORIES.

C. C. Lawson was in Pittsburg yesterday on business.

Supt. W. H. Scriven, of the C. & P. road, with headquarters in Cleveland, is in the city on business.

Mrs. James Carothers, of Pittsburg, is a guest at the home of her father, J. W. Nixon, in this city.

Mrs. D. A. Davidson returned to her home in Lisbon yesterday after spending a few days with friends in this city.

Mrs. R. A. Blair, of Main street, left yesterday for Chautauqua Lake, where she will remain for a week or ten days.

Mr. and Mrs. W. G. Stark and family, of Pittsburg, are guests at the home of Mrs. Hettie Shepard, of Front street.

Mrs. George Donaldson and her daughters, Kate and Otis, left this morning for Chautauqua Lake for an outing.

Mrs. Lizzie Smith and her mother, Mrs. J. M. Patterson, and her children all went to Wheeling yesterday to visit relatives.

Miss Mayme McQueen, of Seventh street, left yesterday for Jefferson county, where she will spend a few days with friends.

Mr. and Mrs. Julius Goetz, of Front

Change of address may be made as often as desired. When the change is ordered the old as well as the new address should be given.

SOUTH SIDE

STREET RAILWAY LINES AGREED ON

Hancock County Court Adopts Regulations For the Two New Trolley Roads.

The Hancock county court at New Cumberland yesterday met representatives of the two companies which have been granted street railway franchises on the south side and agreed upon provisions and rules for both.

C. A. Smith and others, who have the franchise for a line from Chester to Congo, were given the privilege of occupying the north side of the public road, as far as Kenilworth, and there crossing to the other side. The company has 30 days in which to accept the franchise, 60 days in which to begin work and 15 months in which to complete the line. Mr. Smith will begin work shortly and expects to have the road completed in much less than the specified time.

The East Liverpool Bridge company, which lately secured a franchise from Newell's ferry to Congo, will occupy the other side of the public road and run its cars across its new bridge, when built, to East Liverpool. There was much discussion of the privileges desired, but an agreement was finally reached that was satisfactory to all concerned. The application of the Ohio Valley Traction company for a franchise to Chester for its proposed road from Wellsburg via Holliday's Cove will be acted upon by the court later.

Mrs. Eliza Alexander is reported seriously ill at her home in Meadville. Pa. She is the mother of Mrs. Mary Eckfeld and Mrs. W. D. Moore, of the West End, this city, who have gone to Meadville.

14 room house on Second street \$7500.00.
3 room house on Fourth street \$1800.00.
8 room house on Avondale street \$5500.00.
6 room house on Calcutta road \$3500.00.
65-acre garden farms \$750 each. These properties have to be sold.

We have other properties and vacant lots in all parts of the city, which we can sell for cash or on easy payments.

Geo. H. Owen & Co

Real Estate & Insurance,
1st National Bank Building.

Mechanics' hall this afternoon. One of the important orders of business before the meeting will be the election of an assistant cashier.

Hand Badly Crushed.

Harold Harrington, a laborer at the tin mill, got his hand caught under a heavy bar of steel which was being unloaded last night. His hand was badly crushed.

Plan to Pipe Gas.

A plan is on foot to form a stock company to purchase the leases and holdings of the Line Island Gas company, which operated for oil and gas on the Kiney farm last spring. The company, after drilling with fairly good success, was compelled financially to suspend operations, after getting a very good gas well and an oil well which will pump about two barrels a day. The gas well since coming in, has kept up a 24 minute volume pressure and the intention is to pipe the gas for the benefit of the residents of Lawrenceville, who experience much difficulty in getting coal during the winter. The plan meets with hearty approval.

Mother of Denver Easter.

Mrs. Clay Easter, of Hazlewood, Pa., is the guest of Mr. and Mrs. Harvey Plankinton, of Carolina avenue, Denver, son of Mrs. Easter, was recently killed on the C. & P. railroad in East Liverpool. It was reported that the young man's family was in destitute circumstances. She declares this is not the case and is generous in her praise of those who befriended the young man after he was hurt. She denies that he was robbed.

Main Almost Finished.

Superintendent Thomas L. Young, of the water company, has about completed the work of laying the 8 inch water main on Carolina avenue that will connect with the main on Virginia avenue.

Big Crowd Expected.

The excursion of the employees of the Union Switch and Signal company, of Pittsburg, tomorrow will be a large one. The committee has arranged for three sections of trains and additional cars to take already ordered.

CHESTER NOTES.

Mrs. W. B. Gillis is expected home from Xenia, O., tonight.

Joseph Keenan removed his household goods to Pittsburg yesterday.

Mr. and Mrs. R. H. Grandstaff attended the Lindeff-Golden wedding.

Mrs. Thomas L. Young and family are visiting relatives at Frankfort Springs.

Joan P. West is engaged in painting the new residence of Frank Croft on Phoenix avenue.

Freshwater & Co. expect to complete the paving contract of the streets of Chester in three weeks.

Dr. E. S. Donohoo is suffering much pain from a large carbuncle which has gathered in his right wrist.

Rev. W. B. Gillis left for Coshocton this morning to meet Mrs. Gillis, who has been visiting at Xenia.

Mart Miller, a prominent oil operator of New Cumberland, is attending the meeting of the stockholders of the new bank.

Conductor Frank Hogue is in Pittsburg on business connected with the sale of coal lands in Columbiana county.

Charles Marker, of Shippingport, is the guest of his brother-in-law, Howard Evans, of California avenue.

Asa Gear has commenced the erection of a five room house on Montana street.

E. P. Ackerson, in the interest of the Fraterna Mystic Circle, is in town and may organize a lodge of that order shortly.

REALM OF SPORTS

A GOOD GAME
BY HOME TEAMS

Y. M. C. A. and Athletics Had a Very
Interesting Contest
Yesterday.

MALEY DID THE PITCHING

For the First Time and Helped Greatly
in Winning the Victory—All
Sorts of Playing—Both Teams in
the Same Class.

Defeated but not disgraced was the fate of the Athletics at the West End park yesterday afternoon in the game with the Y. M. C. A. team. The leaders in the Crookery City league, rung in at the last moment because Greenville cancelled a trio of games, played a fast game of ball and proved that they are in the same class with the preachers. Those who stayed away from the park yesterday thinking it would be nothing but a scrub game missed one of the best of the season. There was all kinds of ball playing, from the very yellowest up to the very best, and there was not an inning that did not afford some sensational feature.

Mailey proved a stumbling block for the Athletics and to his fine pitching most of the credit for the victory is due. Emmerling was almost as effective, but he was wild and kept getting in the hole by his liberality with free passes to first. He was at his best, however, when things looked the blackest for him.

For a starter Bennett cracked out a pretty double to left and scored when O'Leary threw wild to first on Tyson's grounder. The preachers took the lead in their half. Gibson hit safely and Mailey bunted to G. Emmerling. The throw to first was wild and both runners were safe. Gibson counted on Wallace's single. Mailey and Wallace counted on O'Leary's hit to right.

The preachers added another in the third. Gibson was hit by a fast shoot only to be forced by Mailey, who was

Norka

The ready-to-eat thoroughly
cooked Oat Food.

Norka

Ask your grocer.

W. A. WEAVER

Wholesaler

199-201 Washington Street.

in turn forced by Wallace. He counted on H. Davis' safety.

Tyson singled in the fourth and stole second while Tommy Davis was thrashing the atmosphere. Trainer singled and Tyson completed the circuit, beating the throw to the plate by a narrow margin. Mailey then tried to nail Trainer at second, but the ball soared over Webb's head, Tyson coming home.

With the bags full in the sixth Emmerling prevented a score. Tyson failed on Davis' grounder and O'Leary beat out a bunt. Brown went down on a pass. Davis was nailed at the plate on Webb's weakling to G. Emmerling, and O'Leary met the same fate on Reark's grounder to Tommy Davis.

Brown was caught off third and nailed, Tyson to Davis. The bases were full again in the seventh, but the Athletics were not so fortunate, though one of the preachers' two runs was a clear gift from the umpire. Emmerling, first up, walked and Gibson scratched on a hit. Stillwell's throw to second to catch Gibson on Mailey's grounder hit the runner and all were safe. Emmerling leaked over on Wallace's grounder. Gibson tried for home on a throw to second and was out on a close play, but the umpire thought otherwise and his tally counted.

The Athletics tried hard in the ninth, but could not reach. Trainer led off with a single, but Carey forced him. McAvoy sent a long line drive to left center that looked like a sack cleaner, but the fleet-footed Reark nailed it

after a hard run. The lick and the catch were two of the best features of the game.

The score:

ATHLETICS.	R.	H.	P.	A.	E.
Bennett, r	1	2	1	0	0
Stillwell, 2	0	0	5	3	0
Tyson, 1b	1	1	6	1	1

Downed Wellsville.
A colored base ball team from this city defeated a colored team of Wellsville in the latter city yesterday by a score of 5 to 0. Batteries, Craig and Brock; Wyatt and Thompson.

Game at Rock Springs.
The Carroll Club and Second Y. M. C. A. teams of the Crookery City league will play at Rock Springs park tomorrow.

SPORTING MISCELLANY.
Comiskey and Callahan are still on a hunt for catchers.

President Pulliam, of the National league, has appointed Tim Hurst an umpire and the little man will go to work at once.

Eddie McBride, the well known sporting critic, and the official referee at the International Athletic club, thinks Jim Corbett will win over Jeff when they meet.

The Senators are now owned by a Washington syndicate and Manager Loftis has received instructions to spend at least \$10,000 in securing new players for the team.

Captain Comiskey has asked Jimmy Collins to loan him either Jake Stahl or Broadway Alec Smith, as Slattery is his only backup. Sullivan and McFarland are on the hospital list.

Lafayette Winham, of Brooklyn, pitcher for the Worcester club of the Eastern league, now the Montreals, has been sold to the Pittsburgh National League club, and will report for duty in a week.

An effort is being made to organize an athletic club in Sebring and the effort promises to be successful. It is designed to open a reading room, with appliances for physical culture, and also include bath room.

has been having a popularity contest for members of labor unions of that city. In all 168,699 votes were cast. Thomas Lounds was the winner of the first prize, a trip to Europe, receiving 51,479 votes. John E. Anderson, of the clerks' union, with 45,389 votes, wins the trip to the seashore, while Thomas Neal will go to Atlantic City, having secured 44,804 votes.

The contest proved very exciting and was successful from every point of view. The Review deserves the success it is enjoying in East Liverpool and in the county—Buckeye State, Lisbon.

MOULTRIE

Moultrie, August 7.—John Essick and Bert Glass took the contract of the hill below D. W. Crist's and are working there today. Every one about here will be glad to see it fixed so it will not be so bad in the winter.

Prof. D. W. Crist, wife and son returned from their trip to Buffalo Tuesday evening.

Charley Edwards is at his parents' home with typhoid fever.

Miss Myrtle Crist left yesterday for Portland, N. Y., to visit a lady who roomed with her at Oberlin.

Forest Foulks and family, of Canton, are visiting their parents and other relatives here.

Next Saturday is the day for the farmers' picnic in Brooks' grove, and a big time is expected. Everybody is invited.

Sarah Ruff, from Minerva, is in the neighborhood, visiting her brothers and sisters.

Lundy Reed and wife expect to go to Virginia the first of September, as he is going to college.

RAVISHED BY BRUTE

Woman Criminally Assaulted

by Negro Lawyer Near

St. Clairsville.

BRAVE STRUGGLE FOR HER HONOR

Screams Bring Assistance After Fiero

Has Escaped—Victim in Critical

Condition—Posse With Bloodhounds

on Trail.

St. Clairsville, O., Aug. 7.—This city was thrown into a panic when it became known that a terrible outrage had been perpetrated on Mrs. M. E. Stowe, one of the most prominent and highly respected residents of the town, who was ravished by a young negro lawyer.

The woman had been out for a walk during the afternoon and remained later than she had anticipated. About 6 o'clock she started for her home, the route extending through a lonely tract of woods. When within 200 yards of her home she was seized by the black fiend and thrown to the ground and after a brave struggle for her honor the fiend succeeded in accomplishing his purpose.

When the woman regained consciousness her pitiable screams attracted the attention of passersby, who rushed to her assistance. She was taken to her home, where she told of the brutal outrage. A posse formed of the most prominent citizens of the county was organized and set out in pursuit of the negro, who escaped to the woods. The enraged mob is fully armed and bent on lynching the brute when he is apprehended. Mrs. Stowe is in a critical condition as the result of her awful experience.

Her assailant is a well-known negro, C. E. Burns, who has been practicing law in that vicinity. A report states that the bloodhounds have scented the trail and the chase is being pursued with renewed vigor.

Folsom Convict Captured.

Auburn, Cal., Aug. 7.—Convict Albert Seavis, the colored convict, one of the 13 who escaped from Folsom prison, is in jail with bullet wounds in both sides of his legs. He was captured when the train came in from New Castle. Sheriff Keena received word from New Castle that a negro answering the description of Seavis had boarded the night train there on the way out and when the train came into Auburn, Keena and Deputy Sheriff Coan were at the depot. The negro was called upon to surrender. He immediately opened fire on Coan, but failed to hit the deputy. At the same time Keena and Coan opened fire and shot the negro.

Successful Wireless Test.

Cleveland, Aug. 7.—The first practical test overland of the Deforest wireless telegraph system was made here. Signals were received from Buffalo, a distance of 180 miles direct, three-fourths of this distance being overland. The tests were conducted personally by Lee Deforest, who came here for that purpose. The experiment extended over a period of several hours, the communications received consisting of cipher and the wireless code messages. No attempt was made at sending replies, the sending apparatus not being as yet properly adjusted.

Tired Struggling Against Fate.

Colorado Springs, Aug. 7.—William G. Shapiott, for the past eight years one of the most prominent mining and real estate men here, shot himself through the heart in his office in the Gazette building. He left a note saying that financial troubles had driven him to suicide. His wife found a note bidding her goodbye and saying he had struggled against fate long enough and would shoot himself as soon as he got to his office. She immediately notified the police, but they arrived five minutes too late.

EIGHT BOYS FINED FOR
DISORDERLY CONDUCT

Each Pleaded Guilty and Will Be Allowed Time in Which to Settle.

Business in police court has taken quite a batch of unfinished cases on the docket, but little is being done in the court of Mayor Weaver.

Eight boys, companions of Earl Baker, who was fined yesterday morning, were before the mayor last evening. The boys had been charged by Mrs. Gifford, of the Calcutta hill district, with disorderly conduct, and as there was no other way out of it, they appeared one at a time, pleaded guilty to the charge and all received a uniform fine of \$1 and costs, making \$4 in all. None of them had any money, and the mayor gave them a chance to pay the amount in installments.

Friends of Mrs. Birdie West paid her fine last evening, and she was released. Mrs. West has relatives in this city who are well known and highly respected. They feel the disgrace keenly, and are endeavoring to induce the unfortunate woman to change her ways.

George Stewart, who signs the pledge every time he falls into the hands of the police, broke over yesterday, and his system being unaccustomed to the effects of liquor, he succumbed to its influence. He became so drunk that he was unable to navigate, and selecting a secluded spot in the lumber yard of the Union Planting Mill company, lay down for a nap. He was discovered and Officer Bett-ridge run him in.

DeWitt is the Name.

When you go to buy Witch Hazel Salve look for the name DEWITT on every box. The pure, unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by Alvin H. Bulger.

LOST—\$50 bill between Sixth street and Leader store. Liberal reward if left at the Leader store. 1837

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine smells the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Students on Long Canoeing Trip.
Plattsburg, N. Y., Aug. 7.—Everett Ward Jr., and Robert Protheroe, two students from Columbia university, arrived here on their way to New York. They are making a canoe trip of about 1,450 miles from New York via the Hudson river and Erie canal to Buffalo, thence by the Niagara river to Lake Ontario and St. Lawrence river to Montreal, and return from there through Lake Champlain and Lake George. They left New York on June 22, reached Buffalo 17 days later and Montreal on July 30. They expect to arrive in New York about Sept. 1. Their outfit consists of one 17-foot canoe, blankets, oilskins, two guns and a small army tent. During their trip they have been successful in shooting the Little Sioux, Cedar, Split Rock, Cascade and Lachine rapids.

GRAUSTARK

... By ...
GEORGE BARR McCUTCHEON
Copyright, 1901, by Herbert S. Stone

Synopsis of Preceding Chapters.

CHAPTER I.—Grenfell Lorry, a wealthy American globe trotter, stumbles into acquaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the train stops for repairs in West Virginia. Lorry and the girl are left alone in a mountain cabin. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenlocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenlocker naïvely calls Lorry her "ideal American" and invites him to come and see her at Edelweiss, Y.—Wildly infuriated, Lorry hurries to New York. The name Guggenlocker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital Edelweiss, are located by a guide book. The Americans get no trace of the Guggenlockers there. VII.—Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glance of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenlocker, inviting him to visit her next day.

CHAPTER VIII.

THE ABDUCTION OF A PRINCESS.

THAT afternoon they went to the palace grounds and inquired for the chief steward. After a few moments they were shown to his office in a small dwelling house just inside the gates. The steward was a red faced little man, pleasant and accommodating. He could speak German—in fact, he was a German by birth—and they had no difficulty in presenting their request. Mr. Fraasch-Jacob Fraasch—was at first dubious, but their frank, eager faces soon gained for them his consent to see that part of the great park open to the public. Beyond certain lines they were not to trespass. Anguish asked how they could be expected to distinguish these lines, being unacquainted, and the steward grimly informed them that the members of the royal guard would establish the lines so plainly that it would be quite clear.

He then wrote for them a pass to the grounds of the royal palace of Graustark, affixing his seal. In giving this pass to them he found occasion to say that the princess had instructed him to extend every courtesy possible to an American citizen. It was then that Anguish asked if he might be permitted to use his camera. There was an instant and emphatic refusal, and they were told that the pass would be rescinded if they did not leave the camera outside the gates. Reluctantly Anguish deposited his luckless box in the steward's office, and they passed into the broad avenue which led toward the palace.

A guard, who served also as a guide, stepped to their side before they had taken ten paces. Where he came from they never knew, so instantaneous was his appearance. He remained with them during the two hours spent in the wonderful park.

The palace stood in the northwestern part of the grounds, possibly a half mile from the base of the mountain. Its front faced the mountain side. The visitors were not permitted to go closer than a quarter of a mile from the structure, but attained a position from which it could be seen in all its massive, ancient splendor. Anguish, who had studied churches and old structures, painted the castles on the Rhine and was something of a connoisseur in architecture, was of the opinion that it had been standing for more than 500 years. It was a vast, mediaeval mass of stone, covered with moss and ivy, with towers, turrets and battlements.

The park was probably a mile square and was surrounded by a high wall, on the top of which were little guard-houses and several masked cannon. When they had completed their tour of inspection, their guide rapidly led the way to the wall that encircled the grounds, reaching it at a point not far from the castle itself. Here was situated another large gate, through which they did not pass. Instead they ascended some steps and came out upon the high wall. The top of this wall was several feet wide, and walking was comparatively safe. They soon understood the guide's design. The object was to walk along this wall until they reached the main gate. Why this peculiar course was to be taken they could not imagine at first. Anguish's fertile brain came to the rescue. He saw a number of women in a distant part of the grounds, and remembering their guide's haste in conducting them to the wall, rightly conjectured that it was against custom for visitors to meet and gaze upon members of the royal household. The men and women, none of whom could be plainly distinguished from the faraway wall, were undoubtedly a part of the castle's family and were not to be subjected to the curious gaze of sightseers. Perhaps her royal highness the Princess of Graustark was among them.

They reached the main gate and descended. Anguish securing his camera, after which they thanked the steward and turned to see the guide. But he had disappeared as if the ground had swallowed him.

"Well, it's a fair Versailles," observed Anguish, as they walked down the street, glancing back at the frowning wall.

"It all goes to make me wonder why in the name of heaven we have never heard of this land of Graustark," said

Lorry, still thinking of the castle's grandeur.

"My boy, there are lots of things we don't know. We're too busy. Don't you remember that but one half the world knows how the other half lives? I'll wager there are not twenty-five people in the United States who know there is such a country as Graustark."

"I don't believe that a single soul over there has heard of the place," vouchsafed Lorry, very truthfully.

"I'll accept the amendment," said Anguish. Then he proceeded to take a snapshot of the castle from the middle of the street. He also secured a number of views of the mountain side, of some odd little dwelling houses and two or three interesting exposures of red-robed children. Everybody, from the children up, wore loose robes, some red, some black, some blue, but all in solid colors. Beneath these robes were baggy trousers and blouses among the men, short skirts among the women. All wore low boots and a sort of turban. These costumes, of course, were confined to the native civilians. At the hotel the garb of the aristocrats was vastly different. The women were gowned after the latest Viennese patterns, and the men, except those of the army, wore clothes almost as smart as those which covered the Americans. Miss Guggenlocker—or whatever her name might be—wore her carriage companion were as exquisitely gowned as any women to be seen on the boulevards or in Hyde park of an afternoon.

It was late in the afternoon when they returned to the hotel. After dinner, during which they were again objects of interest, they strolled off toward the castle, smoking their cigars and enjoying the glorious air. Being a stranger in a strange land, Lorry acted on the romantic painter's advice and also stuck a revolver in his pocket. He laughed at the suggestion that there might be use for the weapon in such a quiet, model, well regulated town, but Anguish insisted:

"I've seen a lot of these fellows around town who look like genuine brigands and cutthroats, and I think it just as well that we be prepared," asserted he positively, and his friend gratified what he called a whim.

At 10 o'clock the slender moon dropped behind the mountain, and the valley, which had been touched with its tender light, gradually took on the somberness and stillness of a starlit night. The town slumbered at 11, and there were few lights to be seen in the streets or in the houses. Here and there strolled the white uniformed police guards, occasionally soldiers hurriedly backward, now and then belated citizens moved through the dense shadows on the sidewalks, but the Americans saw still life in its reality. Returning from their stroll beside the castle walls far to the west of where they had entered the grounds that afternoon, they paused in the middle of Castle avenue near the main gate and looked down the dark, deserted street. Far away could be seen the faint glare from their hotel. One or two street lamps burned in the business part of the city. Aside from these evidences of life there was nothing but darkness, silence, peacefulness, about them everywhere.

"Think of Paris or New York at 11 o'clock," said Lorry, a trifle awed by the solitude of the sleeping city.

"It's as dead as a piece of prairie land," said his friend. "God, it makes me sleepy to look down that street. It's a mile to the hotel, too, Lorry. We'd better move along."

"Let's lie down near the hedge, smoke another cigar and wait till midnight. It is too glorious a night to be lost in sleep," urged Lorry, whose heart was light over the joys of the day to come. "I can dream just as well here, looking at that dark old castle, with its one little tower light, as I could if I tried to sleep in a hard bed down at the hotel."

Anguish, who was more or less of a dreamer himself, consented, and after lighting fresh cigars they threw themselves on the soft, dry grass near the tall hedge that fenced the avenue as it neared the castle grounds. For half an hour they talked by fits and starts, one thinking of the face he had seen, the other picturing in his artist eye the painting he had vowed to create from the moonlit castle of an hour ago.

"Some one coming," murmured the painter, half rising to his elbow attentively.

"Soldiers," said the other briefly. "They'll not disturb us."

"They'll not even see us, I should say. It's as dark as Egypt under this hedge. They'll pass if we keep quiet."

The figures of two men could be seen approaching from the city, dim and ghostly in the semiblackness of the

Save the Children.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach well. Sold by Alvin H. Bulger.

New Steamer Launched.

Detroit, Aug. 7.—The steamer Davidson was launched at the Wyandotte yards of the Detroit Shipbuilding company for the Great Lakes and St. Lawrence River Navigation company. The new boat will be used in the export grain trade and will ply between Duluth and Quebec.

To Elect Successor to Arthur.

Cleveland, Aug. 7.—First Assistant Grand Engineer C. A. Blake, of the Brotherhood of Locomotive Engineers, arrived from San Luis Potosi, Mex., to attend the meeting of grand officers to be held for the purpose of naming a successor to the late Grand Chief P. M. Arthur.

No such thing as "summer complaint."

When Dr. Fowler's Extract of Wild Strawberry is kept handy, Nature's remedy for every looseness of the bowels.

Vessel's Long Voyage.

Portland, Aug. 7.—After a voyage lasting more than a year the French bark Grand Duchesse Olga, with a general merchandise cargo, arrived in the Columbia river from Antwerp. Her passage is one of the longest on record and but for the fact that she had been spoken every now and then her name would probably long ago have been placed among the lost.

Railroad Company Chartered.

Guthrie, Okla., Aug. 7.—The Kansas Central, Oklahoma and Gulf Railroad company, with a capital stock of \$20,000,000, was granted a charter here. The purpose of the company is to construct a line of railroad from Enid, Okla., to Galveston, Tex., to New Orleans and to Winnipeg, Man., an estimated length of 2,000 miles.

IF YOU ARE SICK

And need medicine for your Kidneys, Liver, Bladder or Blood, get the Best.

Dr. David Kennedy's Favorite Remedy.

If you are suffering from kidney or bladder disease, the doctor asks: "Do you desire to urinate often, and are you compelled to get up frequently during the night? Does your back pain you? Does your urine stain linen? Is there a scalding pain in passing it, and is it difficult to hold the urine back? If so, your kidneys or bladder are diseased."

Try putting some of your urine in a glass tumbler, let it stand twenty-four hours. If there is a sediment, or a cloudy, milky appearance, your kidneys are sick. Dr. David Kennedy's Favorite Remedy will surely relieve and cure the most distressing cases of these dread diseases, and no physician can prescribe a medicine that equals it for kidney, liver, bladder and blood diseases, rheumatism, dyspepsia and chronic constipation.

Walter D. Miller, of Delhi, N. Y., writes:

"I suffered for years with kidney trouble and severe pains in my back, at times it was so bad I could hardly walk. My stomach also troubled me and I frequently had twinges of rheumatism. I suffered a great deal and received no benefit until I began the use of Dr. David Kennedy's Favorite Remedy. After taking it a short while it cured me."

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Randolph, N. Y.

Dr. David Kennedy's Golden Drops instant relief. Neuralgia, Rheumatism, Gout, Burns, etc. 25c. 50c.

HODSON'S DRUG STORE SELLS AND RECOMMENDS DR. DAVID KENNEDY'S FAVORITE REMEDY.

Go Prepared.

In preparing for your summer outing a little forethought may save you an end of trouble. Mr. John H. Maule, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Former Editor Dead.

Evansville, Ind., Aug. 7.—John Gilbert Shanklin, for many years a leading Democrat of Indiana, is dead after a long illness. He was formerly editor of the Evansville Courier. He served one term as secretary of state.

The thoughts of taking cod liver oil is nauseating only to those who have never tried Hagee's Cordial of Cod Liver Oil with Hypophosphites of Lime and Soda. With Hagee's you get all the active properties of the cod's liver, but not a vestige of grease, fishy flavor, as in other cod liver oils.

COLOR LINE DRAWN IN NAVY

Petty Officers on Receiving Ship Columbia Refuse to Mess With Negro.

New York, Aug. 7.—The color line has been drawn on board the United States receiving ship Columbia at the Brooklyn navy yard. The chief petty officers have refused to mess with a negro who has just been sworn in as chief carpenter's mate. They have asserted their unwillingness to associate with him in any way or to receive or carry any orders that may come to them through him in the line of duty.

Isaac Miller, the chief carpenter's mate, is not a full-blooded negro. He has been in the navy many years and has a good record. For a long time prior to his recent promotion, which was for merit, he ranked as carpenter's mate of the first class. When Miller appeared at the chief petty officers' mess on Wednesday eight other members of the mess arose and left the table when he sat down. Miller ate his dinner as if nothing out of the ordinary had happened. Since then he has had no company at his meals. He has been allowed when he reached the table first to eat alone, and when others have preceded him he has waited until they finished eating. Captain Snow said Miller's rights would be protected, as the navy makes no distinction as to color.

INSOMNIA

"I have been using Cascarets for Insomnia, with which I have been afflicted for over twenty years, and I can say that Cascarets have given me more relief than any other remedy I have ever tried. I shall certainly recommend them to my friends as being all they are represented to be."

Thos. Gillard, Elgin, Ill.

Sixth and Washington Streets.

WORK IS PROGRESSING AT A VERY GOOD RATE

Youngstown & Southern Officials Expect to Run Cars to This City In a Year.

THE FINAL SURVEY TO LISBON BEGUN

Within the next 10 days the final survey of that portion of the right of way of the Youngstown & Southern railway, lying between this city and Lisbon, will be commenced. J. P. Long, the real estate man for the company, with Chief Engineer George Tod, Jr., and Ernest Gozenbach, electrical and mechanical engineer, were in the city today and left this afternoon for Lisbon.

Mr. Long told a News Review reporter that the work on this end of the system would be commenced just as soon as all the details have been arranged. The right of way for the entire distance has been secured for some time, and the engineers have reached a point near Lisbon. Arriving there it was found that their services would be required along the line toward Youngstown, and they have been engaged there ever since. Within 10 days it is expected the large engineering corps can begin the survey between Lisbon and this city.

Engineer Tod and his party have just completed a tour over the road from Lisbon, the object being to locate

a site for a power house. Mr. Tod is very much pleased with the right of way and expresses himself as entirely satisfied with the outlook as far as the route is concerned.

Work on the railroad is progressing nicely, nothing of a serious character having happened to retard the progress of the enterprise. The injunction proceedings begun against the company in Mahoning county some time ago will not interfere in any way with the work, as the right of way does not go through the territory specified in the application for the injunction.

Grading on the roadbed has been completed for a distance of three miles on the north end of the line, and unless something unforeseen occurs, the road will be completed through to Leetonia by November 15, and will have reached Lisbon before the first of the year. As soon as the grading has been completed for a sufficient distance to justify it, the track laying will be started. Mr. Long says this part of the work will be accomplished by means of a track laying machine.

NOT A WHISPER OF NEW RULES

Public Safety Board's Attention Occupied by Other Matters.

FIRE PLUG CONTROVERSY

There was not even a whisper of the rules and regulations for the police department during the meeting of the public safety board last night, although the subject was mentioned by the reporters.

"Are you going to adopt the rules tonight?" the reporter asked a member.

"I can't tell you," was the answer. "You see the crisis has been making them for us, and its reporter has not fixed the age limit yet. When this is done I suppose he will submit them to us. The other day a committee from the board met to discuss the Brunt fire plug and the next issue of the Crisis had us adopting certain rules."

It was stated last night that the board has prepared a set of rules and has postponed the adoption of them until City Solicitor Davidson can be consulted. The solicitor is now on his vacation.

The members of the board decided last night to pass upon the bills of its department but once a month, and the first meeting of the month was decided upon as the time. In going over the bills last night objection was made to being charged with fire plugs now on hand, which were paid for by the city before the code went into effect. These plugs are considered an asset, the same as the fire department horses and paraphernalia. Bills containing two fire plug items were referred back to the service board.

A vigorous objection was made to paying for the new fire plug at the rear of the Brunt pottery. A report from the committee having the matter in charge was heard, but no action was taken. Rather than pay for the plug the board may decide to change its location to the corner of East Third and Walnut streets.

Mayor Weaver brought up the matter of the bill for putting up the East End curfew bell, which has been held up because of a difference of opinion as to which fund it should be charged to. Messrs. Dawson and Taylor were appointed a committee to investigate the matter.

The salaries of the members and their clerks for the quarter just ending were ordered paid from the fund appropriated by council for the purpose. Two screens for the windows of the women's department of the city jail, for which bids were received some

time ago, were ordered purchased and placed in position. The screens will prevent persons from the outside passing things to the prisoners.

FINAL ARBITRATION OF PAINTERS' STRIKE

Decision Reached Which is Likely to Be Satisfactory to All Concerned.

The board of arbiters which was appointed several days ago to take up the settlement of the painters' strike, will hold its final session this evening. A number of conferences have been held during the past week, and both sides to the controversy have made the arbiters thoroughly acquainted with the merits of their case.

The five members of the arbitration board have discussed the question in all its phases, and it is thought have reached a decision in their own minds as to a settlement which will meet the approval of both parties. When the men gave their consent to serve as arbiters it was with the understanding and an agreement from either side to the controversy that they would abide by the decision of the board, no matter what the conclusion might be. So with the short session of this evening and the decision which will follow the strike will be settled.

DEPUTY SUPERVISORS MEET AND ORGANIZE

George S. Walton Chosen Clerk And W. G. Bentley Chief Deputy.

Lisbon, August 7.—(Special).—At a meeting of the board of deputy state supervisors of elections for Columbiana county this afternoon George S. Walton, of Salem, was chosen clerk, and W. G. Bentley, of Salem, chief deputy. Five ballots were taken for clerk and Walton was then chosen by lot.

Treat for Infirmity Inmates.

Lisbon, August 7.—(Special).—The Columbiana County W. C. T. U. gave its annual treat yesterday to the inmates of the county infirmary. Twenty-five members were present and at the usual dinner hour served the treat in the dining room, after which the W. C. T. U. members took their picnic dinner in the woods nearby. In the afternoon Rev. J. A. Clman, of the M. E. church, conducted preaching services in the yard.

Taken to Fairmount Home.

Lisbon, August 7.—(Special).—Jennie Easton, the 16-year-old Wellsville girl, who has been in the infirmary for some time, was taken to the Fairmount children's home today by Supt. Riddle. The girl's father and brother are in the penitentiary for crime against her.

AWFUL WRECK OF CIRCUS TRAIN

TWENTY PERSONS KILLED AND A DOZEN INJURED.

Wallace Bros.' Show Overtaken By Misfortune in Michigan.

Durand, Mich., August 7.—(Special).—Wallace Bros.' circus met with a terrible mishap on the railroad near here early this morning. A rapidly running engine crashed into the caboose of the sleeping train. Twenty of the sleeping occupants were killed and a dozen injured. There were also a few of the animals killed and the horror of the wreck was added to by the cries of terrified and injured beasts.

This circus is booked for a number of eastern Ohio cities, and is to be in East Liverpool August 24.

Foreclosure Proceedings Begun.

Lisbon, August 7.—(Special).—The Federal Building and Loan company, of East Liverpool, has begun foreclosure proceedings against August and Katie Nelson, alleging that on November 19, 1902, it advanced to the defendants \$1,350 as a loan secured by a mortgage on 35 of an acre in East Liverpool. The defendants having wholly failed to pay dues and interest according to the agreement, it is alleged the mortgage has become absolute. The plaintiff asks that the property be sold and the proceeds be applied to payment of the mortgage.

Lecture Course Arranged.

Lisbon, August 7.—(Special).—At a meeting of the Lisbon Lecture Course association a contract for a course of five entertainments was made with the Redpath Bureau, of Chicago. The course includes some of the best attractions on the American platform. Russell Conwell will open in November with his lecture on "Acres of Diamonds." Other numbers will be given by Dr. George E. Green, Albert Armstrong, Cameron Ridgeway and an entertainment by the Templeton Male Quartet, of Boston.

Probate Matters.

Lisbon, August 7.—(Special).—Susanna Lodge, of Leetonia, as guardian of Walter Lodge and others, has had an appraisal of real estate approved and has been ordered to give additional bond of \$800 pending the sale of the property. A requisition has been issued to Lodge Riddle as administrator of the estate of Robert Watson, who died in Knox township in 1885, requiring him to reject a claim of Amanda Hollies, against the estate.

THREE DIVISIONS IN THE PARADE

Chief Marshal and Aides Meet Tonight to Further Perfect Labor Day Plans.

At a meeting to be held tonight by Chief Marshal C. M. B. Beatty and his three aides, the start will be made on the arrangements for the Labor day parade to be held in this city on the morning of September 7. Judging from the plans already formed this feature of the celebration will be the most interesting and best attended ever yet held.

Mr. Beatty has been given full power in the matter and has formed a plan which cannot fail to attract attention and awaken interest on the part of the members of the local unions who are expected to participate in the parade. There are 28 unions in the city, all of which are under the jurisdiction of Trades Council. The chief marshal has selected William Bradford, William Pittenger and Criss McConnell as special aides, and it will be the duty of these men to take charge of the several divisions of the line of march. The 28 locals will be divided into three divisions, one of which will be placed in charge of each special aide. Division No. 1, which will be formed on Broadway, right resting on Sixth street, will be presided over by Mr. Bradford; division No. 2, to form on Fourth street, right resting on Broadway, has been given in charge of Mr. Pittenger, while the third division, forming on Fifth street, right resting on Broadway, will be presided over by

MILLIONS IN FINES NOT TO BE EXACTED

State Liberally Remits Penalties to Corporations for the Non-Payment of Willis Tax.

STILL 3000 DELINQUENTS

What Will Be Done in Their Cases Is Problematical—Up to Date Over 5000 Corporations Have Paid In About \$450,000.

From a Staff Correspondent.

Columbus, August 7.—Governor Nash, Attorney General Sheets and Secretary of State Laylin, acting as a commission under the Willis law, have remitted fines and penalties aggregating almost \$14,000,000 to corporations delinquent under this statute. This sum would be sufficient to bear the running expenses of the state for a period of three years.

The Willis law requires corporations to file reports and pay a tax of one-tenth of one per cent of the paid-up capital stock by May 1 of each year to the secretary of state, and provides a fine of \$100 for failure to make these returns on the date mentioned and an accumulative penalty of \$3.00 per day for each day the delinquency exists.

With the expiration of the time limit it was found that nearly 1,000 corporations were delinquent. They were notified that an extension of ten days had been allowed and it was intimated that if the reports and fees were filed within this period all penalties would be remitted. This had the effect of bringing most of the delinquents to time, but there are still about 3,000 out. What action will be taken on their cases is problematical.

To date a total of 5,229 concerns have reported and paid fees aggregating about \$450,000. Governor Nash stated yesterday that the penalties imposed by the law are outrageous, and it is thought probable that they will be reduced by the next general assembly.

Several Columbiana county corporations were remiss under the law and are among those exempted from the payment of penalties. These, together with the fee paid by each under the law, are as follows: Ohio Valley Bus Iness College company, East Liverpool, fee, \$10; Wellsville Park & Mill company, Wellsville, \$10; Midway Land company, East Liverpool, \$30; H. A. Thompson Banking company, Salineville, \$10; Vulcan Clay company, Wellsville, \$24; Wellsville Plate and Sheet Iron company, Wellsville, \$80; East Palestine Pottery company, East Palestine, \$40.

SMITH APPEALS FROM THE MAYOR

EAST LIVERPOOL SALOON MAN OBJECTS TO A FINE.

Gives Ten Reasons for His Belief That the Penalty Was Unjustly Imposed.

Lisbon, August 7.—(Special).—The case of Ohio versus Cornelius Smith, an East Liverpool saloonist, has been carried up on error from the court of W. A. Weaver in East Liverpool. Smith, as plaintiff in error, says that on July 17 the defendant in error recovered a judgment against him in a criminal action in the mayor's court in which Smith was charged with keeping his saloon open on Sunday and was fined and assessed the cost of prosecution.

The petition sets forth 10 reasons why the court should reverse the action of the lower court, as follows:

First—Neither the affidavit or warrant stated any offense under the laws of Ohio.

Second—The mayor did not have jurisdiction.

Third—The mayor erred in overruling the motion of the plaintiff in error to dismiss the case after the evidence for the state had all been given.

Fourth—The mayor erred in refusing a new trial.

Fifth—There was no evidence to sustain the decision and judgment of the mayor.

Sixth—The finding, decision and judgment of the mayor was contrary to the evidence.

Seventh—The finding, decision and judgment was contrary to law.

Eighth—There was no evidence to sustain the finding, decision and judgment of the mayor.

Ninth—The court erred in rendering judgment for the defendant in error, when it should have rendered for the plaintiff in error.

Tenth—Other errors apparent upon inspection of the record.

Attorneys Smith and Lones, of Wellsville, filed the petition.

PROMINENT WOMAN COMMITTED SUICIDE

Mrs. Arthur S. Guthrie Cut Her Throat At a House in Sewickley.

Sewickley, August 7.—Residents of fashionable Sewickley were horrified yesterday afternoon by the suicide of Mrs. Daisy L. Barber Guthrie, of Grafton, a member of one of the leading families of Titusville. She killed herself by cutting her throat, almost severing her head from the shoulders, at the residence of her sister-in-law, Mrs. A. L. Lowrie, wife of an oil man. The deed is attributed to insanity.

Mrs. Guthrie was a daughter of James R. Barber, a pioneer resident of Titusville, and the family is one of the most prominent in that city. For years Mr. Barber has been engaged in the oil business. Mrs. Guthrie was born in Titusville and lived in that city till her marriage to Arthur S. Guthrie three years ago. Mr. Guthrie is manager of the Grafton Gas company at Grafton, W. Va., and with his wife had been living at Grafton for about a year. Previous to their removal to Grafton the Guthries lived two years in Toronto, O., their first place of residence after their marriage, where Mrs. Guthrie was well known and had many friends. The husband a day or two ago left his office in Grafton to go to Fairview, W. Va., to superintend some field operations and he had not returned to a point where he can be reached by wire last night. He is well known in East Liverpool.

THE MAYOR EXPLAINS LIBRARY APPOINTMENT

If Mr. Goodwin Declines He Will Heed Trades Council's Wishes.

The committee appointed at the meeting of trades council Wednesday evening to interview Mayor Weaver regarding his appointment of a successor to J. J. Weisend on the Carnegie library board, met Mayor Weaver last evening. The latter informed the committee that he had already appointed Mr. Goodwin to the position, and though that gentleman had not yet signified his willingness to accept, he presumed the matter was settled.

The mayor said he had not been familiar with the history of the consolidation of the two libraries. Had he been, it is probable the wishes of the laboring people would have been consulted. However, if Mr. Goodwin declines the honor, he will be guided by the committee in his selection.

OPPONENTS OF GAS GRAB HAVE AN ORGANIZATION AND MEAN TO DO BATTLE

Meeting Held Last Evening and Plans Laid for a Strenuous Campaign for the People's Rights.

The Anti-Gas Grab association was formed at the city hall last night, and it is expected that by the end of the present month the membership will number in the hundreds, and its influence such as to effectually defeat the aims of the gas corporation. About 40 citizens were present and there was plenty of enthusiasm. The promoters got together about 7 o'clock, and immediately proceeded to form a permanent organization by the election of the following officers:

President, P. J. McKeone; vice president, William Cope; secretary, Criss McConnell; treasurer, H. W. Smith.

Several communications were read from nearby cities having the prevailing rate charged, and the proposed increase. Several of the towns are yet to be heard from, and by the next meeting it is expected that a very good idea can be had of the relative rates all over this section. It has been rumored that the gas people had caused to be circulated in Steubenville a report to the effect that the private consumers of East Liverpool had accepted the increase and would pay it without a murmur. Had the good people of the Jefferson county town been present at the meeting last night and heard the expressions of the members of the new association, they would change their minds very quickly. The new rate has not been accepted nor will it be without a vigorous protest.

A soliciting committee was appointed at the meeting last night to be composed of Messrs. Smith, McKeone and McConnell. These men have been provided with a blank form to be used in securing new members, and they will begin on the missionary work at once. The heading of the paper has been worked so that the people who signify their intention of joining the association by allowing their names to go on the list cannot fail to understand the nature of the task before them. The list is already lengthy, and will be doubled by the end of the present week. The platform and declaration of objects of the new association are as follows:

The undersigned do hereby contribute the amount opposite their names for the purpose of making an organized opposition to the advance in rates on natural gas proposed by the corporation.

MILKMEN ARRESTED BY HEALTH OFFICER

Alliance Dealers Accused of Using Preservatives in Their Product.

Alliance, August 7.—(Special).—A special officer from the state health department at Columbus came to Alliance yesterday and caused the arrest of five prominent local milkmen, charging them with adulterating their milk with preservative to keep it during the hot months. All pleaded guilty and each was fined \$50 and costs, which they paid.

The officer came to Alliance over a week ago and bought samples from each of the local milk wagons as they were making their rounds one morning. There were taken to Columbus and analyzed, with the result as stated. A sensation was created here by the affair.

VON HOLLEBEN'S LETTER OF RECALL

Formally Presented to the President By Germany's New Ambassador.

Oyster Bay, L. I., August 7.—(Special).—Baron von Sternberg today presented to the president Ambassador von Holleben's letter of recall and his own appointment as German ambassador to the United States.

WIFE DESERTED HIM

Leonidas L. Wilson, of East Liverpool, Has Filed a Suit for Divorce.

Lisbon, August 7.—(Special).—Leonidas L. Wilson, of East Liverpool, has filed suit for divorce from Olive Wilson. They were married in 1899 in Beaver and lived together until July, 1900, when his wife deserted him and has ever since utterly disregarded her marital duties. They have had one child.

Appealed from Justice's Court.

Lisbon, August 7.—(Special).—A case in which the Charles Case Shoe company is plaintiff against A. Peterson has been appealed from the court of Justice J. N. Rose, of East Liverpool, where the plaintiff got judgment for \$65.65 and costs. Suit was brought for \$162.45, with interest from February 10, 1903, held to be due for a consignment of shoes sold and delivered to Peterson.

W. R. C. Meeting.

The Women's Relief Corps met this afternoon and held its regular meeting for the month in G. A. R. hall. The regular business of the organization was brought before the society and received due attention.

THE DOG QUESTION GETS INTERESTING

Police Fear to Kill Valuable Animals, Even If They Are Not Muzzled.

COMPLAINTS ARE MANY

For the past week the city authorities have been overwhelmed with complaints from residents all over the city asking that dogs who run at large without muzzles be either killed or placed where they can do no harm. So numerous have become the kicks that the entire police force has become interested in the dog question, and the law has been carefully read to determine how far a police officer can go.

The city ordinance now in effect provides that all dogs permitted to run at large during the period commonly called "dog days" shall be equipped with a muzzle. Any canine found upon the street not so provided, the ordinance says, can be killed by the police.

When the complaints grew more persistent and the demand upon the police became continued, Chief Wyman determined to enforce the ordinance as he found it, no matter who objected. The police officers were instructed to kill all unmuzzled dogs on sight, and some of them decided to obey the order. Others, however, hesitated before starting the practice, claiming they were throwing themselves liable in case the owner of the dog saw fit to carry the matter to the court. Officers Dawson, McDermott, Aufderheide and even Chief Wyman himself admits that there is a question as to their authority to dispatch a dog without giving its owner due notice or endeavoring to have him comply with the law. It is the opinion of those of the officers who have been interviewed on the subject that their individual bonds could be attacked with an excellent chance to recover if they happened to kill a dog whose owner should decide to take the matter into court. In order to be on the safe side it has been decided to act in accordance with the state law, which says:

"4202—Certain Animals not to Run at Large; Penalty—No person or corporation being the owner or having the charge of any horses, mules, cattle, sheep, goats, swine, dogs or geese, shall suffer the same to run at large in any public road or highway, or in any street, lane or alley, upon any uninclosed land, or cause such animals to be herded, kept, or detained for the

WITH THE WORKMEN IN THE CLAY PLANTS

CHINA CLOSETS.

A pretty china closet with a display of dainty ware is one of the dining room features that are dear to the heart of every woman, and with a little ingenuity and the use of a few fancy dishes surprising results may be obtained.

The woodwork of this china chest that is exposed to view, including the fronts of the drawers, should be of the same material as the wood of which the table, chairs and sideboard are made. The rail at the bottom of the middle compartment may be of brass or of the dull black iron that is user so much at present, and so artistically, for decorative purposes.

EAST AND WEST.

The potteries in operation for the most part have been standing for decades and the tendency to keep pace in architecture with the progress of the times does not appear to have been as contagious there as in the west, says an exchange. But Trenton's pottery industry, on the other hand, is more diversified than it is in East Liverpool. A well known potter who has worked many years in both the east and west, made the statement recently that the sanitary plants of Trenton, in one or two instances, possessed even finer buildings and better equipments than the latest and most improved plants in the west.

BECOME RAILROAD MEN.

John Briggs, packer, and Ambrose Criss, jiggerman, have resigned their positions with the American China company to accept situations on the railroad. Mr. Briggs was fire an engine on the C. & P., while Mr. Criss will fill a like position on the Wheeling & Lake Erie.

Mr. Weiss, formerly a packer at Thompson's pottery in East Liverpool, has accepted a position in the ware house of the American China company.

PROFITABLE VISIT.

President Carr, of the Warwick China company, Wheeling, W. Va., reports his recent visit east as having been a very profitable one. Not profitable from a monetary standpoint, but socially and mentally. Each year he goes east at this season to meet old associates and friends and this visit

THE WEATHER.

Ohio—Fair Friday and Saturday; fresh northwest winds, becoming variable.

Western Pennsylvania—Fair; warmer in southern portion; Saturday fair; light to fresh west to north winds.

West Virginia—Generally fair Friday and Saturday.

was no exception. But this time he went over the eastern market as well, and got a line on ware offered and says: "Both foreign and domestic lines offered are exceedingly fine in design and quality."

WARRANT ISSUED FOR FORMER BANK TELLER

A Shortage Has Been Discovered in Funds of a Canton Institution.

Canton, August 7.—A shortage in the funds of the City National Bank, which, it is stated, may reach \$22,000, has been discovered. The officials of the bank declare it will not affect the concern, as it has a surplus and undivided profits of \$50,000.

Albert W. Deibel, teller at the bank, has been removed from his position and a warrant issued for his arrest.

THE OLDEST ENGINEER

Bellaire Comes to the Front With One 62 Years in the Business.

East Liverpool is claiming the oldest stationary engineer in the state, but Bellaire has the better right to claim that distinction, in the person of Mark Lester, born in 1825, being one year older than the up-the-river man. He was a cub on an Ohio river steamer at 16, having served a time as apprentice in a machine shop, and was for a time running an engine before being of age, was engineer-in-chief on the Marie, a 1,400-ton side-wheeler, a short time afterward, and has been in continuous service ever since, covering a period of 62 years.

Being naturally an expert machinist, he has superintended the building and setting up of many of the larger class of engines and is often called upon to locate trouble in complicated machinery. He is at present in charge of the machinery department and engine of the Novelty Stamping works of this city, and not only sees continuous day service, but frequently works late in the night, in making changes or repairing broken machinery.—Bellaire Democrat.

Potent Pill Pleasure.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by Alvin H. Bulger.

All our high grade Oxfords reduced \$3.50 and \$4 ones at \$2.60, patent kid or plain leathers.

R. W. SAMPLE & CO.

TEST OF THE LAW ON CHILD LABOR

A Subject Which Is of Great Interest in Trenton Pottery Circles.

HALF OF THE JUVENILES

Now Employed in the Potteries Will Be Discharged if the Law Is Sustained—Trade Topics of Interest from the New Jersey Ceramic City.

From a Staff Correspondent.

Trenton, N. J., August 7.—The action of the South Jersey glass manufacturers in expressing themselves in defiance of the provisions of the new child labor law will likely form the principal topic of discussion at the annual convention of the New Jersey State Federation of Labor, which will be held beginning August 17 at Bridgeport. The local members of the National Brotherhood of Operative Pottery are displaying considerable interest in the action of the glass manufacturers, because of the efforts they put forth to have the measure passed by the last legislature.

The law which fixes the minimum age of children employed at 14 years, becomes effective September 1. Chief factory Inspector John C. Ward has declared his intention of enforcing it and prosecuting without delay any violators. Mr. Ward says that his department is willing to enter into a friendly litigation to test the law, but he has had legal advice that the claim which will probably be advanced by the glass manufacturers is that the law invalidates itself by failing to specify the time on September 1 of what year it becomes operative will not hold.

The enforcement of the law will mean that the potteries of this city will be compelled to discharge half their working force of children, who are employed as mould runners and assistants to the workmen in the various departments and employ older help, which will increase their operating expenses materially. Factory Inspector Ward has not only been notified by some of the large glass manufacturers that they will ignore the law, but they have already engaged their help for the blowing season, which begins September 1.

The Oakland Manufacturing company has broken ground for the erection of its plants, which are to be utilized for the manufacture of glazed brick. The bricks are to be made for exterior structural ornamentation and fine interior finish. The finish of the bricks will resemble that of tiling and at the start only solid colors will be made. The company has an authorized capital stock of \$100,000 and the incorporators are Franz Hill, Patrick H. Moohan and Thomas Trapp. The company has purchased a tract of land of 28 acres along the Philadelphia & Reading railroad. The building, which is now under course of erection, measures 100x32 feet. Two kilns will be put in operation soon and the building will be increased in size as the business of the company demands.

John A. Campbell announces that he will not accept the Republican nomination to run against Mayor Frank S. Katchenbach, who will probably be given a second nomination by the Democrats. The Republican party managers consider him their strongest choice and are using every means to get him to accept the nomination. Mr. Campbell, in spite of his declaration that he has no political ambitions, stands a good chance of election, should he reconsider. He is a member of the board of library commissioners and is president of the state tenement house commission.

Extensive preparations are being made by the employees of the Thomas Maddock & Sons pottery for their annual outing, which will be held August 22 at the Inter-State fair grounds. An interesting program of sports is being arranged for the event, and a large list of entries has been received.

Bertrand Rheade, representing Thomas Hulme, of Hanley, England, was in this city for a week, getting orders for decalcomania and other decorative pottery material. Mr. Rheade then left for the west to spend three weeks.

Frederick Duggan, owner of the Imperial Porcelain works, has subscribed \$250,000 for the erection of a new hotel at Spring Lake, N. J., a summer resort along the Atlantic coast. Mr. Duggan has agreed to take a first mortgage on the property to secure an issue of \$125,000 in gold bonds. The other \$125,000 has been subscribed by the stock holders. Previous to Mr. Duggan's offer, numerous attempts had been made to interest New York and Philadelphia capitalists in the project, but failed.

William S. Hancock, vice president of the Trenton Pottery company, and Charles Howell Cook, of the Cook Pottery company, have been chosen directors of the Trenton Theater Build-

STAR BARGAIN STORE.

The Greatest Mid-Summer Clearance Sale now going on at our store. Every department is offering great money savers which you do not want to miss.

A BOY DROWNED IN THE RESERVOIR

Eight-Year-Old Lad Loses His Life in the Basin at Steubenville.

Steubenville, August 7.—Willie D. Connell, aged 8, drowned in the reservoir yesterday afternoon. Young Connell, with his brother and another lad, went to the reservoir to fish, so one of the boys claimed, but it is known that there are no fish in the reservoir and it is supposed that they went after frogs. The boys live on LaBelle View about three squares away. The McConnell boy's father is employed at the LaBelle mills.

The boys were inside the fence playing about the edge of the reservoir, on the grass, and were walking about, when young Connell's foot slipped over the edge. The four sides of the basin are covered with moss and the least weight upon the foot would be sufficient to cause the body to slide into the water. Connell's foot touched the moss and in a second he was struggling in deep water. It was only for an instant though, as he was unable to swim and quickly sank to the bottom.

EAST END

CHURCH PICNICKERS HAD AN ENJOYABLE DAY

Base Ball, Foot Ball And Races At
Ford Great Amusement to Second
U. P. Church Congregation.

Sales of arnica and other medicines of a like nature have been larger today than any time in the history of the East End, owing to the picnic of the Second United Presbyterian church yesterday at Andrews' grove, near Calcutta. The sales were mostly to the married men of the church, who tried to down the single men at base ball, foot ball and other contests. The picnic was a great success and will be remembered for many months in spite of the aches and pains.

The ball game between the benedicts and the bachelors was called in the third inning when supper was announced, leaving the score 10 to 2 in favor of the latter. The foot ball game resulted in a tie and it will likely be finished some day soon in the East End.

Mrs. Will Kinney was the victor in the race for "fat" ladies and Miss Mary Donovan won the race for "slim" ladies. Miss Elizabeth McCormick won the potato race. In the 75-yard dash, Will Price, Thompson Andrews, Jr., and Lyman Earle were tied for first position. The race for men over 45 years of age was won by Archie Searight.

Nearly every member of the congregation, between 300 and 400, were in attendance and an enjoyed the day immensely. Quite a number made the trip upon hay wagons, while others resorted to street cars and carriages.

TRIBUTE TO MEMORY OF ROBERT BEALE

Miss Florence Hill, His Sunday School
Teacher, Tells of His Excellent
Traits.

Miss Florence Hill, of Ohio avenue, was Robert Beale's Sunday school teacher and this morning paid him this tribute: "Robert had many excellent traits of character. He seemed so much to appreciate all kindly attention shown him. I was much interested in the boy ever since he became a member of my class, nearly two years ago, and often invited him to visit me. This he was wont to do, sometimes remaining a whole evening, and I am sure our enjoyment was mutual. He often brought me little tokens of his generous heart, apples, flowers, and among other things a picture of his baby nephew, of whom he seemed to be very proud. I know his classmates will miss him and remember him for his better qualities."

Miss Hill's class will serve as pallbearers at the funeral, which is to be held at the residence on Mulberry street, tomorrow afternoon at 2 o'clock. Rev. J. N. Swan will conduct the services. The interment will be made at Riverview cemetery.

Two Lawn Fetes.

The lawn fete given last evening by the Junior League of the Erie street M. E. church was a most enjoyable affair and many were present. Tempting refreshments were served.

The lawn fete of the Ladies' Aid society of the church was also held last evening at the home of Mrs. Emma Pinkerton, of Pennsylvania avenue.

EAST END AFFAIRS.

Ned Mowen left today for a visit with relatives at Deerfield.

Herschel Wheaton has returned from a trip to Jackson county, W. Va. Miss Georgia Buzzard, who has been quite ill for several days is reported better today.

Mr. and Mrs. Taylor Larkins left yesterday for Akron and Canton to spend a few days with relatives.

Uncle Sam Proposes to Get Rid of
the Bloodthirsty
Pest.

THE ACOMERMIS CULCIS

His Agent—The Campaign Begun in
New Jersey, in the Heart of the
Enemy's Country—Great Possibilities for Scientific Work.

Washington, August 7.—A paternal government having gone into the business of backing airship experiments and having spent its hard gathered dollars on flying kites, Dr. Charles Warren Stiles, chief zoologist of the public health and marine hospital service, believes it is quite in order for this same government to go into the business of growing mosquito destroyers. This same scientific gentleman, whose head is as long as his title, has appealed to a sentiment that he can safely depend upon to endorse his demand when he makes the announcement of a discovery of "Agamomermis culcis," guaranteed to run down and slay the most bloodthirsty and able bodied mosquito in almost no time. The general public hardly hopes to ride in airships as a daily means of suburban transit, even should Prof. Langley attain entire success in his experimental flight of the Bazzard, as his big kite has been nicknamed.

Under the circumstances it looks upon an expenditure of \$50,000 of taxpayers' money to further this attempt with the mildest of curiosity and a sense of personal satisfaction, even if there is no active criticism. But let Dr. Charles Warren Stiles develop a big enough pack of Agamomermis culcis in his kennels to demonstrate that dividends in slain will accrue from a mosquito hunt, and it is hard to see how this gentleman can avoid elevation to the presidential chair on a popular wave of political revolution. If his campaign were conducted in the summer time there is small question but that such an army of political workers could be rallied from the sea shore and mountains, woods and lakes, for his cause as neither tariff for revenue nor yet protection, neither free silver nor yet sound money, ever brought out. And from Maine to Florida, Boston to San Francisco, Cleveland to Manila, a drag net could hardly bring to light the man who would brave popular indignation by opposing government aid for such an enterprise as mosquito destruction—always providing that Dr. Warden Stiles can destroy 'em.

He insists that he can and with a bottle full of Agamomermis culcis he is off for New Jersey this week to prove his claims. Agamomermis culcis is about one-hundredth the length of his name, according to Dr. Warden Stiles. He pursues the enemy of man, and the summer girl, as relentlessly

HOUSE & HODGSON, 162 6th St.

as the mongoose pursues the snake. His quarry once found he fastens upon the brute and nothing can shake him off. For several days before death overtakes the mosquito his bite has been rendered harmless by the attacks of Agamomermis culcis.

And the end is sure. Dr. Warden Stiles shows his courage by taking his pets over to New Jersey for a battle with the champions of the whole mosquito race. If success crowns the campaign there, little doubt need be felt as to the speedy capitulation of the common mosquito of other localities. If the regular army can be exterminated the militia will fall in short order.

WHO CAN TELL?

One of the Mysteries of Journalism
As Exemplified By the
Cherry Picker.

The East Liverpool Tribune (daily) devoted six columns to the hearing of the case of Davidson vs. Montgomery. Montgomery had shot a dog of Davidson's and Davidson sued for malicious destruction of property. What space would the Tribune devote to the murder of a man if a dog is worth six columns?—Buckeye State.

BLIND TO DEATH

Gas Line Laborer Who Had Been
Shot Died During an
Operation.

Stenbenville, August 7.—Martin Brogan, a gas line laborer, who hails from somewhere in Pennsylvania, died yesterday while undergoing an operation for a bullet wound which had become diseased. It affected an artery and he bled to death.

Brogan was shot at Mingo Junction one month ago, while climbing in a window at night.

In the early days of railroading trunk lines or through lines were unheard of. Numerous independent lines, running from one important town to another, sprang into being, and were run on a go-as-you-please plan. Railroad development, on its present magnificent scale, was the growth of years. Not until far-sighted men began to connect up independent lines and to organize them into systems was prosperity attained and the business of transporting freight and passengers for long distances made an important factor therein. The electric railroads, profiting by the experience of the steam railway companies, are fast consolidating and looking to the importance of their connections. Perhaps the longest continuous line of trolley road in the country today are some of those found in Ohio. Some of them have already found it expedient to put on sleeping cars to accommodate night patrons making long journeys, and the example is likely to be followed quite extensively. In a few years passengers between the principal cities of the country

will have the choice of journeying by trolley cars or steam cars, and will find branch lines to transport them to the larger towns and villages lying a few miles back of the main routes. The business of electric railway building is growing at a rate which few others can match, and it is going to prove a most important factor in the development of the country districts as well as the urban communities. East Liverpool stands a chance of being placed at no distant date on electric routes that, if not main lines, will at least afford speedy and convenient connection with such lines. And with connections with Youngstown and Pittsburg established we will be so near the main lines as hardly to know the difference.

A great opportunity for usefulness is open to the association formed last evening for the purpose of fighting the rates which the local gas companies seek to enforce. The prosperity and growth of East Liverpool have both been largely enhanced because of cheap natural gas. The \$5,000,000 trust now controlling the gas supply for this portion of the Ohio valley, in order to increase its dividends and to provide funds for extending its mains without going down into its own pockets, proposes to defy the laws of the state of Ohio and the ordinances of the city granting it franchises by increasing the rates to natural gas consumers 25 per cent. Such high-handed injustice the people of East Liverpool do not propose to countenance or endorse. There is the issue in a nutshell and the battle will be fought to a finish. Victory means progress and prosperity to East Liverpool; defeat means a setback in both directions. If justice triumphs, the gas companies will be compelled to live up to their agreements.

Word comes that the canal treaty may be defeated by filibustering tactics. Sooner or later the chickens of our astute statesmen come home to roost. Colombian legislators are but imitating American methods.

There is a girl in Chicago who has worked 31 years for the same family. Why should a girl like that have to work for a living? She ought to be able to get big money from the museums.

Bryan soberly announces that he expects to be president some day. Even his unbounded confidence in his own astuteness will not induce him to name the day, however.

It should not be forgotten that the period of our greatest expansion of foreign trade is since the Dingley tariff but became a law.

The lesson that loaded weapons are dangerous playthings is again exemplified by the East End tragedy.

Morgan has merged two banks with \$27,000,000 capital, which is very good for a starter.

OBITUARY

Mrs. Lucinda Armstrong.
Lisbon, August 7.—(Special).—Friends at Rogers have received word of the death of Mrs. Lucinda Armstrong, who died a short time since at her home near Beaver Meadow, Alabama, aged about 60 years. She was an old time resident of Middleton township, where she is remembered by many friends. A number of years ago she moved to Alabama with her husband, Dawsey Armstrong, who died there about four years ago.

Mrs. Daniel Rose.

Mrs. Daniel Rose, aged about 80 years, and who resided at her home near Highlandtown, died Wednesday night after several weeks' illness. She was born in Steubenville. Her maiden name was Mary Ann Criss. She was married 50 years ago to the late Daniel Rose. Besides a brother, Charles Criss, of Yellow Creek, she

EAST LIVERPOOL'S DELEGATE.

F. L. Trump, of this city, has been honored by his organization with the position of delegate to the annual convention of the International Typographical union. The meeting convenes at Washington, D. C., Monday morning, and is expected to last throughout the week. Mr. Trump has been a member of the I. T. U. for many years, having affiliated with No. 7, of Pittsburg, in 1896. He has been located in East Liverpool for the past 10 years, and is known as one of the foremost labor men of the city. Mr. Trump will leave for Washington tomorrow morning.

SALE RAPIDLY INCREASING OPPONENTS OF GAS CRAB

Continued from First Page

One of the greatest successes of late years has been achieved by Mi-o-na, the remarkable flesh-forming food. Its sale here in East Liverpool is increasing so rapidly that Will Reed, the enterprising druggist who introduced it, is having hard work to keep it on hand.

Have Will Reed sign this bond when you buy a box of Mi-o-na.

GUARANTEE BOND.
I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach troubles.

It has become very popular with well known bankers, ministers, lawyers and others whose business or profession prevents their taking much exercise, while those who have been troubled with indigestion, mal-assimilation of food and loss of flesh, brought on by irregular eating, worrying or other causes, have found health and strength in this reliable remedy.

Mi-o-na has been so uniformly successful in building up good, solid, healthy flesh, and in curing all stomach troubles, that Will Reed sells it under his personal guarantee to refund the money if it does not give satisfaction. A guarantee like this speaks volumes for the merit of Mi-o-na.

THE DOG QUESTION GETS INTERESTING

Continued from First Page.

purpose of grazing the same on premises other than those owned or occupied by the owner or keeper of such animals, except as hereinafter provided; and any person violating the provisions of this section shall forfeit and pay for every such violation, as penalty therefor, not less than one dollar, nor more than five dollars; continued violation, after notice or prosecution, shall be an additional offense, for each and every day of such continuance.

As near as is considered safe, the ordinance on the subject will be enforced by the police, but the state law just quoted will be taken as the main authority, and upon it they will rely for vindication in case their actions are questioned. It is not expected that any objections will be made to capturing and dispatching mongrels of the vagrant or tramp type, but there is certain to be trouble the first time a valuable dog is killed. Owners have the alternative of keeping their animals tied up if they do not see fit to muzzle them, and quite a number have adopted this plan to get around the difficulty.

It is held by a large number of people that there are far too many ownerless dogs roaming the streets at the present time for the absolute safety of the residents, and it is believed no objection whatever would be made to the killing of a few score of them.

In connection with the dog killing proposition another obstacle has been encountered, and the police are greatly concerned over it. The health department has disclaimed any liability in disposing of carcasses, the owners cannot be located once in a hundred times, and cannot be expected to bury the dog if found. So it has come to a simple question of the policeman who kills the dog disposing of the carcass himself. The law on this point has also been looked up, and it is thought the officers can collect one dollar for each dog buried, and if it is found that they can collect this sum legally it is probable the killing process will be started very soon.

Straw hats, big sensation price, 65c. Choice from \$1.50, \$2.00, \$2.50 and \$3.00. Joseph Bros. are selling now at 65c.

THE SURPRISE CLOTHING HOUSE

WELLSVILLE

ABATEMENT OF NUISANCES WAS UNDER DISCUSSION

Health Board Discussed Several Problems of Interest to Wellsville.

A special meeting of the board of health was held last evening in the city hall, at which time a number of insanitary nuisances were taken up by the board.

The first matter discussed was the pool, little less than an inland lake, and which is located on Thirteenth street, where Cooper, the medicine man, held forth. This lot is owned by McLean Bros. and Ross Noble. David McLean, who appeared before the board, stated that he had examined the pool of water and that the water would not drain off the lot, because of a lack of gutters on Short and Thirteenth streets. McLean stated that it was the fault of the city that the water was on the property and he asked the board to investigate the matter. He promised that the lots should be filled if the board found the owners to be at fault. City Engineer Leith was appointed to investigate and the board's action on the matter will be based on Leith's report.

James Blue was next heard by the board. Complaint had been made to the board about cess pools on two lots belonging to him, located on Main

street, between Fifteenth and sixteenth streets. Mr. Blue stated that he had already arranged to have the nuisance abated and said that it would be done at once.

Thomas Moore was the next man to be heard. Complaint had been made regarding a pile of garbage on his property on Twelfth street. He stated that he had already had part of the garbage removed and would have the balance taken away at once.

The condition of the property of Henry Mace, Main and Thirteenth streets, was next considered. It developed that 29 years ago the city had constructed a storm sewer in that locality and that since that time people living between Thirteenth and Fifteenth streets had been using it for sanitary purposes, and caused a foul smell to issue from the sewer on Center and Commerce streets. The clerk of the board was instructed to notify all persons using this sewer to connect their property with the sanitary sewer.

It was reported to the board that there was a foul smelling vault in the rear of Frank Geisse's saloon on Third street. The health officer was ordered to notify S. W. Conner, the agent of the property, to abate the nuisance.

No other important matters were taken up and the board adjourned to Friday evening, August 11.

THE SUNDAY ORDINANCE

Many of the People of Wellsville Are Wondering Why It Was Voted Down.

Ever since the council meeting last

Tuesday evening, the popular topic, wherever citizens congregate, has been the proposed ordinance providing for the arrest of any person caught in an ale, beer or porter house on Sunday, which was defeated at that meeting of council. A number of citizens are against the ordinance, but the majority are much in favor of it and are indignant because it was defeated by the city fathers. The ordinance is one which is in force in all of the large cities of the state and it is well it should be in force in Wellsville, as there is no ordinance by which the Sunday buyer can be placed under arrest, although there is one which provides for the arrest of the saloon-keeper who sells on Sunday.

There was nothing contained in the defeated ordinance which could be applied to druggists selling on prescription or to the use of liquors for sacramental purposes, and it is a mystery to many of the city officials just why it was voted down.

It has been stated that a few slight changes will be made in the ordinance and that it will again be brought before council.

NO CELEBRATION

To Be Held By Wellsville Unions on Labor Day This Year.

At the regular meeting of Trades and Labor Council last evening it was decided that none of the local unions or labor organizations should hold a celebration here on Labor Day. The reasons for this were: First, on account of there having been so many celebrations in Wellsville this year it was thought that another celebration could not be made a success; second, a number of the local unions in the city have received an invitation to attend and assist in the parade and old celebration at East Liverpool and have decided to accept.

The secretary of Trades Council here states that no invitation has been received by the council to attend the celebration, although it is believed that an invitation is forthcoming, in which event the local council will join in the celebration at the sister city.

New Organ Expected.

The new pipe organ which was donated by Andrew Carnegie to the Episcopal church of the Ascension of this city, is expected to arrive some time this week, unless some unavoidable delay occurs. It will be set up in the church as soon as it arrives and will be ready for use by Sunday, August 17.

Contract Completed.

Contractors Rinehart Bros. yesterday

completed the work of laying the concrete for the new belt line switch of the C. & P. road back of the city, to the intersection of Lisbon and Tenth streets. This completes their contract with the railroad company.

FOUR MEN FINED

Wellsville Mayor's Court Was Doing a Good Business Today.

Mayor Fogo did quite a rushing business this morning. Mike O'Rourke and Thomas Logan, who were arrested by Officers McVaine and Henthorn for fighting, being caught in the neighborhood of Jarvis' saloon in the West End early last evening, appeared and pleaded guilty. Each was assessed \$9.60. Logan paid up and was released, but O'Rourke did not have the required amount and was consigned to jail again.

J. J. Hays, an East Liverpool man, was arrested near Third street last evening by Chief Houser. He was about "three sheets to the wind." His assessment this morning amounted to \$5.60. He had the necessary coin and turned it over to the mayor.

Herman Blyler, claiming to come from Wall, Pa., was arrested last evening by Detective Bowen for train jumping. He was likewise assessed \$5.60 this morning, but couldn't pay and had to be locked up again.

WELLSVILLE SHORT STORIES.

C. C. Lawson was in Pittsburgh yesterday on business.

Supt. W. H. Scriven, of the C. & P. road, with headquarters in Cleveland, is in the city on business.

Mrs. James Carothers, of Pittsburgh, is a guest at the home of her father, J. W. Nixon, in this city.

Mrs. D. A. Davidson returned to her home in Lisbon yesterday after spending a few days with friends in this city.

Mrs. R. A. Blair, of Main street, left yesterday for Chautauqua Lake, where she will remain for a week or ten days.

Mr. and Mrs. W. G. Stark and family, of Pittsburgh, are guests at the home of Mrs. Hettie Shepard, of Front street.

Mrs. George Donaldson and her daughters, Kate and Otis, left this morning for Chautauqua Lake for an outing.

Mrs. Lizzie Smith and her mother, Mrs. J. M. Patterson, and her children all went to Wheeling yesterday to visit relatives.

Miss Mayme McQueen, of Seventh street, left yesterday for Jefferson county, where she will spend a few days with friends.

Mr. and Mrs. Julius Goetz, of Front

THE WOMEN'S STORE

One lot of Lawn Wrappers, lace trimmed, worth \$1.00, we will close at 69c each.

New lot of Wrist Bags, Hat Veils, Wash Stocks and Combs.

Syndicate Block,

Stein & Sloan,

Sixth Street.

Subscribers who are going away for the summer months can have the Evening News Review sent to them by notifying this office of the out-of-town address, either by telephone or postal card. Change of address may be made as often as desired. When the change is ordered the old as well as the new address should be given.

SOUTH SIDE

STREET RAILWAY LINES AGREED ON

Hancock County Court Adopts Regulations For the Two New Trolley Roads.

The Hancock county court at New Cumberland yesterday met representatives of the two companies which have been granted street railway franchises on the south side and agreed upon provisions and rules for both. C. A. Smith and others, who have the franchise for a line from Chester to Congo, were given the privilege of occupying the north side of the public road, as far as Kenilworth, and there crossing to the other side. The company has 30 days in which to accept the franchise, 60 days in which to begin work and 15 months in which to complete the line. Mr. Smith will begin work shortly and expects to have the road completed in much less than the specified time.

The East Liverpool Bridge company, which lately secured a franchise from Newell's ferry to Congo, will occupy the other side of the public road and run its cars across its new bridge, when built, to East Liverpool. There was much discussion of the privileges desired, but an agreement was finally reached that was satisfactory to all concerned. The application of the Ohio Valley Traction company for a franchise to Chester for its proposed road from Wellsburg via Holliday's Cove will be acted upon by the court later.

BRIDGE IMPROVEMENTS

Action on the Question Deferred by United States Court at Parkersburg.

The report of Supt. R. S. Brown, of the East Liverpool Bridge company, in regard to the condition of the drive-way of the bridge, which is badly in need of repairs, was before the United States court at Parkersburg yesterday and on account of other important business action in giving instructions to make the necessary repairs was postponed until August 18. Supt. Brown has been anxious that authority be given him to arrange for the taking up of the old planking on the bridge, which has given exceptionally good service and replacing it by oak planks of the same thickness, laid crosswise. The present condition of the floor of the bridge is deplorable and from one approach to the other, is a succession of bumps, making more of a jar on the structure than fast driving over it.

The extended improvements will cost in the neighborhood of from \$18,000 to \$25,000, and Mr. Brown is in hopes that the court will grant the request for the improvement, so that the bridge may be in proper condition before cold weather.

Senator George Dead.

Samuel George, aged 78, died at Wellsburg yesterday. He was formerly a merchant and river trader and was a leader in the industrial development of Brooke county. Two years ago he was elected state senator. Chief among Senator George's local interests are the Wellsburg street railway, which he purchased in 1901; the Wellsburg Banking & Trust company, of which he was president; the Standard glass works, the sack factory and the paper mills, employing over 200 people.

Bank Officers' Meeting.

A meeting of the stockholders of the new Chester bank will be held in

Mechanics' hall this afternoon. One of the important orders of business before the meeting will be the election of an assistant cashier.

Hand Badly Crushed.

Harold Harrington, a laborer at the tin mill, got his hand caught under a heavy bar of steel which was being unloaded last night. His hand was badly crushed.

Plan to Pipe Gas.

A plan is on foot to form a stock company to purchase the leases and holdings of the Line Island Gas company, which operated for oil and gas on the Kleaney farm last spring. The company, after drilling with fairly good success, was compelled financially to suspend operations, after getting a very good gas well and an oil well which will pump about two barrels a day. The gas well since coming in, has kept up a 24 minute volume pressure and the intention is to pipe the gas for the benefit of the residents of Lawrenceville, who experience much difficulty in getting coal during the winter. The plan meets with hearty approval.

Mother of Denver Easter.

Mrs. Clay Easter, of Hazlewood, Pa., is the guest of Mr. and Mrs. Harvey Plankinton, of Carolina avenue, Denver, son of Mrs. Easter, was recently killed on the C. & P. railroad in East Liverpool. It was reported that the young man's family was in destitute circumstances. She declares this is not the case and is generous in her praise of those who befriended the young man after he was hurt. She denies that he was robbed.

Main Almost Finished.

Superintendent Thomas L. Young, of the water company, has about completed the work of laying the Sixth water main on Carolina avenue that will connect with the main on Virginia avenue.

Big Crowd Expected.

The excursion of the employees of the Union Switch and Signal company, of Pittsburgh, tomorrow will be a large one. The committee has arranged for three sections of trains and additional cars to take care already ordered.

CHESTER NOTES.

Mrs. W. B. Gillis is expected home from Xenia, O., tonight.

Joseph Keenan removed his household goods to Pittsburgh yesterday.

Mr. and Mrs. R. H. Grandstaff attended the Lindoff Golden wedding.

Mrs. Thomas L. Young and family are visiting relatives at Frankfort Springs.

Joan P. West is engaged in painting the new residence of Frank Croft on Phoenix avenue.

Freshwater & Co. expect to complete the paving contract of the streets of Chester in three weeks.

Dr. E. S. Donohoo is suffering much pain from a large carbuncle which has gathered in his right wrist.

Rev. W. B. Gillis left for Coshocton this morning to meet Mrs. Gillis, who has been visiting at Xenia.

Mart Miller, a prominent oil operator of New Cumberland, is attending the meeting of the stockholders of the new bank.

Conductor Frank Hogue is in Pittsburgh on business connected with the sale of coal lands in Columbiana county.

Charles Marker, of Shippingport, is the guest of his brother-in-law, Howard Evans, of California avenue.

Asa Gear has commenced the erection of a five room house on Montana street.

E. P. Ackerson, in the interest of the Fraterna Mystic Circle, is in town and may organize a lodge of that order shortly.

REALM OF SPORTS

A GOOD GAME
BY HOME TEAMS

Y. M. C. A. and Athletics Had a Very Interesting Contest Yesterday.

MALEY DID THE PITCHING

For the First Time and Helped Greatly in Winning the Victory—All Sorts of Playing—Both Teams in the Same Class.

Defeated but not disgraced was the fate of the Athletics at the West End park yesterday afternoon in the game with the Y. M. C. A. team. The leaders in the Crockery City league, rung in at the last moment because Greenville cancelled a trio of games, played a fast game of ball and proved that they are in the same class with the preachers. Those who stayed away from the park yesterday thinking it would be nothing but a scrub game missed one of the best of the season. There was all kinds of ball playing, from the very yellowest up to the very best, and there was not an inning that did not afford some sensational feature.

Mailey proved a stumbling block for the Athletics and to his fine pitching most of the credit for the victory is due. Emmerring was almost as effective, but he was wild and kept getting in the hole by his liberality with free passes to first. He was at his best, however, when things looked the blackest for him.

For a starter Bennett cracked out a pretty double to left and scored when O'Leary threw wild to first on Tyson's grounder. The preachers took the lead in their half. Gibson hit safely and Mailey bunted to G. Emmerring. The throw to first was wild and both runners were safe. Gibson counted on Wallace's single. Mailey and Wallace counted on O'Leary's hit to right.

The preachers added another in the third. Gibson was hit by a fast shot only to be forced by Mailey, who was

Norka

The ready-to-eat thoroughly cooked Oat Food.

Norka

Ask your grocer.

W. A. WEAVER

Wholesaler

199-201 Washington Street.

in turn forced by Wallace. He counted on H. Davis' safety.

Tyson singled in the fourth and stole second while Tommy Davis was thrashing the atmosphere. Trainer singled and Tyson completed the circuit, beating the throw to the plate by a narrow margin. Mailey then tried to nail Trainer at second, but the ball soared over Webb's head, Tyson coming home.

With the bags full in the sixth Emmerring prevented a score. Tyson failed on Davis' boulder and O'Leary beat out a hunt. Brown went down on a pass. Davis was nailed at the plate on Webb's weakling to G. Emmerring, and O'Leary met the same fate on Reark's grounder to Tommy Davis.

Brown was caught off third and nailed, Tyson to Davis. The bases were full again in the seventh, but the Athletics were not so fortunate, though one of the preachers' two runs was a clear gift from the umpire. Emmerring, first up, walked and Gibson scratched on a hit. Stillwell's throw to second to catch Gibson on Mailey's grounder hit the runner and all were safe. Emmerring leaked over on Wallace's grounder. Gibson tried for home on a throw to second and was out on a close play, but the umpire thought otherwise and his tally counted.

The Athletics tried hard in the ninth, but could not reach. Trainer led off with a single, but Carey forced him.

McAvoy sent a long line drive to left center that looked like a sack cleaner, but the fleet-footed Reark nailed it

after a hard run. The kick and the catch were two of the best features of the game.

The score:

ATHLETICS.	R	H	P	A	E
Bennett, r.....	1	2	1	0	0
Stillwell, 2.....	0	0	5	3	0

Game at Rock Springs.

The Carroll Club and Second Y. M. C. A. teams of the Crockery City league will play at Rock Springs park tomorrow.

SPORTING MISCELLANY.

Comiskey and Callahan are still on a hunt for catchers.

President Pulliam, of the National league, has appointed Tim Hurst an umpire and the little man will go to work at once.

Eddie McBride, the well known sporting critic, and the official referee at the International Athletic club, thinks Jim Corbett will win over Jeff when they meet.

The Senators are now owned by a Washington syndicate and Manager Loftis has received instructions to spend at least \$10,000 in securing new players for the team.

Captain Comiskey has asked Jimmy Collins to loan him either Jake Stahl or Broadway Alce Smith, as Slattery is his only backstop. Sullivan and McFarland are on the hospital list.

Lafayette Winham, of Brooklyn, pitcher for the Worcester club of the Eastern league, now the Montreal, has been sold to the Pittsburgh National League club, and will report for duty in a week.

An effort is being made to organize an athletic club in Sebring and the effort promises to be successful. It is designed to open a reading room, with appliances for physical culture, and also include bath room.

has been having a popularity contest for members of labor unions of that city. In all 168,639 votes were cast.

Thomas Lounds was the winner of the first prize, a trip to Europe, receiving 51,479 votes. John E. Anderson, of the clerks' union, with 45,389 votes wins the trip to the seashore, while Thomas Neal will go to Atlantic City, having secured 44,804 votes.

The contest proved very exciting and was successful from every point of view. The Review deserves the success it is enjoying in East Liverpool and in the county.—Buckeye State, Lisbon.

MOULTRIE

Moultrie, August 7.—John Essick and Bert Glass took the contract of the hill below D. W. Crist's and are working there today. Every one about here will be glad to see it fixed so it will not be so bad in the winter.

Prof. D. W. Crist, wife and son returned from their trip to Buffalo Tuesday evening.

Charley Edwards is at his parents' home with typhoid fever.

Miss Myrtle Crist left yesterday for Portland, N. Y., to visit a lady who roomed with her at Oberlin.

Forest Foulks and family, of Canton, are visiting their parents and other relatives here.

Next Saturday is the day for the farmers' picnic in Brooks' grove, and a big time is expected. Everybody is invited.

Sarah Ruff, from Minerva, is in the neighborhood, visiting her brothers and sisters.

Lundy Reed and wife expect to go to Virginia the first of September, as he is going to college.

RAVISHED BY BRUTE

Woman Criminally Assaulted

by Negro Lawyer Near

St. Clairsville.

BRAVE STRUGGLE FOR HER HONOR

Screams Bring Assistance After Freno

Has Escaped—Victim in Critical

Condition—Posse With Bloodhounds

on Trail.

St. Clairsville, O., Aug. 7.—This city was thrown into a panic when it became known that a terrible outrage had been perpetrated on Mrs. M. E. Stowe, one of the most prominent and highly respected residents of the town, who was ravished by a young negro lawyer.

The woman had been out for a walk during the afternoon and remained later than she had anticipated. About 6 o'clock she started for her home, the route extending through a lonely tract of woods. When within 200 yards of her home she was seized by the black fiend and thrown to the ground and after a brave struggle for her honor the fiend succeeded in accomplishing his purpose.

When the woman regained consciousness her pitiable screams attracted the attention of passersby, who rushed to her assistance. She was taken to her home, where she told of the brutal outrage. A posse formed of the most prominent citizens of the county was organized and set out in pursuit of the negro, who escaped to the woods. The enraged mob is fully armed and bent on lynching the brute when he is apprehended.

Mrs. Stowe is in a critical condition as the result of her awful experience.

Her assailant is a well-known negro, C. E. Burns, who has been practicing law in that vicinity. A report states that the bloodhounds have scented the trail and the chase is being pursued with renewed vigor.

Folsom Convict Captured.

Auburn, Cal., Aug. 7.—Convict Albert Seavis, the colored convict, one of the 13 who escaped from Folsom prison, is in jail with bullet wounds in both sides of his legs. He was captured when the train came in from New Castle. Sheriff Keena received word from New Castle that a negro answering the description of Seavis had boarded the night train there on the way out and when the train came into Auburn, Keena and Deputy Sheriff Coan were at the depot. The negro was called upon to surrender. He immediately opened fire on Coan, but failed to hit the deputy. At the same time Keena and Coan opened fire and shot the negro.

Successful Wireless Test.

Cleveland, Aug. 7.—The first practical test overland of the Deforest wireless telegraph system was made here. Signals were received from Buffalo, a distance of 180 miles direct, three-fourths of this distance being overland. The tests were conducted personally by Lee Deforest, who came here for that purpose. The experiment extended over a period of several hours, the communications received consisting of cipher and the wireless code messages. No attempt was made at sending replies, the sending apparatus not being as yet properly adjusted.

Tired Struggling Against Fate.

Colorado Springs, Aug. 7.—William G. Shapiott, for the past eight years one of the most prominent mining and real estate men here, shot himself through the heart in his office in the Gazette building. He left a note saying that financial troubles had driven him to suicide. His wife found a note bidding her goodbye and saying he had struggled against fate long enough and would shoot himself as soon as he got to his office. She immediately notified the police, but they arrived five minutes too late.

EIGHT BOYS FINED FOR DISORDERLY CONDUCT

Each Pleaded Guilty and Will Be Allowed Time in Which to Settle.

Business in police court has taken another slump, and while there is quite a batch of unfinished cases on the docket, but little is being done in the court of Mayor Weaver.

Eight boys, companions of Earl Baker, who was fined yesterday morning, were before the mayor last evening. The boys had been charged by Mrs. Gifford, of the Calcutta hill district, with disorderly conduct, and as there was no other way out of it, they appeared one at a time, pleaded guilty to the charge and all received a uniform fine of \$1 and costs, making \$4 in all. None of them had any money, and the mayor gave them a chance to pay the amount in installments.

Friends of Mrs. Birdie West paid her fine last evening, and she was released. Mrs. West has relatives in this city who are well known and highly respected. They feel the disgrace keenly, and are endeavoring to induce the unfortunate woman to change her ways.

George Stewart, who signs the pledge every time he falls into the hands of the police, broke over yesterday, and his system being unaccustomed to the effects of liquor, he succumbed to its influence. He became so drunk that he was unable to navigate, and selecting a secluded spot in the lumber yard of the Union Planing Mill company, lay down for a nap. He was discovered and Officer Bettbridge run him in.

DeWitt is the Name.

When you go to buy Witch Hazel Salve look for the name DEWITT on every box. The pure, unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by Alvin H. Bulger.

MINERS INJURED IN EXPLOSION

Trolley Wire Ignites Quantity of Powder—Wounded Now in Hospital.

Fairmont, W. Va., Aug. 7.—A terrific explosion of powder at Monongah mine No. 2 resulted in the injuring of eight miners, three of whom cannot possibly recover and with a possibility of two others dying from injuries received.

The accident happened in a peculiar way and how the men escaped death is a miracle. As the men were going into the mine to begin their day's work the last man to board the car had an eight-foot anger on his shoulder; also two 10-pound cans of powder. The anger struck a trolley wire, causing it to drop and ignited the powder, the force of which went practically in the faces of the men. Their moans were terrible to hear.

The injured men were hurriedly placed in a box car and brought to the state hospital here.

Criminal Proceedings Instituted.

Cleveland, Aug. 7.—Criminal proceedings were instituted in the federal court by attorneys representing the City National bank, of Canton, O., against Albert W. Deibel, teller of the latter institution, on the charge of embezzling about \$22,000 in funds and falsifying the bank's books. A deputy marshal has been sent to Canton to take charge of Deibel. The prisoner will probably be given a preliminary hearing before United States Commissioner Gilmer, at Warren, O.

Trespassers Ejected by Force.

Santiago de Cuba, Aug. 7.—Some engineers surveying a site for a terminal of the Cuba Eastern railway on the United States naval reservation at Guantanamo bay were warned off by the American officers, but refused to go. Admiral Coghlan notified the Cuban government and President Palma sent a revenue cutter, which forcibly ejected the trespassers. The railway having acquired the land, claims heavy damages.

SPELLING CONTEST

Was an Enjoyable Feature of the Program at the Epworth League Social.

A very interesting meeting of the Epworth League of the First M. E. church was held last evening in the Sunday school room of the church. The early part of the session was devoted to the business of the society and was followed by a short and interesting program. Each number was fully appreciated and enjoyed. It was as follows: Duet, Miss Olive Kent and Mr. Bergner; solo, Master George Fowler; recitation, Will Morris; song, quartet.

The program was concluded by a St. Luke's spelling bee, in which a large number of those present took part. The spelling, which was given out by Charles R. Boyce, continued for several hours, during which great enthusiasm and enjoyment prevailed. The captains of the opposing sides were Will Morris and Prof. C. F. Brooke. Miss Carrie Knowles, who was spelling in Mr. Morris' line, was the last one to be spelled down, thus winning the contest for Mr. Morris' side. At a late hour the meeting was brought to a fitting close.

Our \$3 Queen Quality patent kid Oxfords reduced to **\$2.60**.

chine, which enables the contractors to cover a much greater amount in a given time. Traffic between Youngstown and Lisbon will be opened this winter and the promoters promise that East Liverpool people will be able to ride from this city to Youngstown the latter part of next summer.

In addition to the establishing of power houses the company's representatives are also engaged in picking out sites for stations. These latter will be located at regular intervals along the route, and will consist of commodious structures, containing freight, express and waiting rooms. It is the intention

of the company to make these buildings comfortable and permanent, sufficient for the agent and family to live in. At the terminal in this city will be located a large station building of sufficient size to accommodate the immense amount of passenger and freight traffic which will come to the new concern when completed. The location for this building has not yet been arranged for, but Mr. Long and his associates have inspected several sites with that object in view and will make a selection within a short time.

Some work will be done in East Liverpool this year, but it cannot be expected that the entire contract will be carried out here. The aim of the company has been to complete the system as it goes, and East Liverpool will not be reached before next year.

Knox straw hats, one-half off starts today at Joseph Bros.

Children's Oxfords and slippers cheapest and best in town.
